*A Concise Introduction to Linguistics* Bruce M. Rowe 2018-07-17 Now in its fifth edition, *A Concise Introduction to Linguistics* provides students with a detailed introduction to the core concepts of language as it relates to culture. The textbook includes a focus on linguistic anthropology, unpacking the main contributions of linguistics to the study of human communication and culture. Aimed at the general education student, the textbook also provides anthropology, linguistics, and English majors with the resources needed to pursue advanced courses in this area. Written in an accessible manner that does not assume previous knowledge of linguistics, this new edition contains expanded discussions on linguistic anthropology, sociolinguistics (including a section on gender and language), and pragmatics. The textbook incorporates a robust set of pedagogical features including marginal definitions, a substantial glossary, chapter summaries, and learning exercises. Brand new to this edition are suggested reading lists at the end of every chapter, and recommended websites and apps to further aid students in their study.

[History of the Second World War](#)

**India in the Second World War** Diya Gupta 2023 In 1940s India, revolutionary and nationalistic feeling surged against colonial subjecthood and imperial war. Two-and-a-half million men from undivided India served the British during the Second World War, while 3 million civilians were killed by the war-induced Bengal Famine, and Indian National Army soldiers fought against the British for Indian independence. This history shines a spotlight on emotions as a way of unearthing these troubled and contested experiences, exposing the personal as political. Diya Gupta draws upon photographs, letters, memoirs, novels, poetry and philosophical essays, in both English and Bengali languages, to weave a compelling tapestry of emotions felt by Indians in service and at home during the war.

*Power of Movies | How They Shape Our Society* Dheeraj Sharma 2025-06-28 In last few decades, Bollywood movies are often responsible at typifying an image of India by mocking temples and priests, portrays professors in top institutions as incompetent, showing teachers as buffoons, politicians as wicked, police as merciless, bureaucrats as narrow-minded, judges as unjust, and speaking Hindi language as parochial. Have you ever wondered why Bollywood movie songs and dialogues continue to be in Urdu? Why is the promiscuous woman often given a Christian name, Sikhs reduced to comic relief, and working women shown drinking and smoking? Why have courtroom oaths on the Bhagavad Gita disappeared, and the Indian flag disappeared from movie backdrops? This book seeks to answer these important questions. The book also compares Bollywood and Hollywood movies, showing how the latter has created a yearning for the American way of life. Films influence public opinion and behaviour. If that weren't true, movies like *Aandhi* (1975), *Kissa Kursi Ka* (1977), and *Black Friday* (2005) wouldn't have faced bans. Cinema shapes society, and Bollywood must recognise its power and the responsibility that comes with it.

[World War 2 Intelligence Bulletin](#) Military Intelligence Service 2013-07

From the files of the Department of Defense comes the Intelligence Bulletin. This was Number 1 of Volume 1. Published in World War 2 to get the information that was considered important in fighting the war out to the commanders. This issue covers the 88mm Gun, Tanks in the spotlight, Mechanized Warfare, Focke-Wulf FW190, Parachutists Training and Tactics to include their "10 Commandments." It also covers booby Traps to include use and detection....and more. A must have for all Military History Buffs or for research purposes. When Napoleon said,

"Every soldier carries a marshal's baton in his knapsack," he was unwittingly portraying the actual conditions of modern warfare, for today it is literally true that in the field of combat the individual soldier or squad leader may find himself in a position where he must make decisions which may have a direct bearing on the ultimate outcome of a particular engagement. In order that the American soldier as well as the junior officer may be fully informed as to the enemy's methods and practices so that in an emergency he may be able to make as accurate an estimate as possible of a situation, the Military Intelligence Service is undertaking the collection and dissemination of information which will be of value to him for this purpose. Owing to the character of the material contained in the INTELLIGENCE BULLETIN, it has been necessary to classify it as "restricted." It is the hope, however, that it will be possible to permit of its general use by all enlisted personnel and junior officer's, as it is designed primarily to serve as a vehicle for the dissemination, for their benefit, of the latest information received from Military Intelligence sources.
