Tomb Raider Colossal Collection Volume 3 Gail Simone 2006-04-28 The third and final colossal collection of Tomb Raider comics! Every

hero's journey has a beginning. Before Lara Croft was a raider of tombs, she was a survivor. Discover the events that led up to Lara and her friends' fateful trip to the lost kingdom of Yamatai in *Tomb Raider: The Beginning*, the prequel to 2013's *Tomb Raider*. With *Tomb Raider #1-#18*, we learn what happened after the escape from Yamatai and how Lara ended up on her quest for the legendary city of Kitezh in 2015's *Rise of the Tomb Raider*. Follow Lara and her fellow survivors as they attempt to pick up the pieces of their lives, but find that things will never be the same, as mysterious and sinister forces attempt to finish the job that Yamatai began. After her exploits in *Rise of the Tomb Raider*, adventures and peril only ramp up and revelations come fast and furious. In *Tomb Raider (vol. 2) #1-#12*, *Survivor's Crusade*, and *Inferno*, Lara finds herself fighting a cult of immortality, discovers a shocking truth about her father, and takes the fight to the constant thorn in

her side, the Order of Trinity—all of which lead into Lara's third and final adventure in the *Survivor* trilogy, 2018's *Shadow of the Tomb Raider*. As a bonus, this collection also features *Lara Croft and the Frozen Omen*—a high-spirited adventure starring Lara Croft and Carter Bell that is a companion to the *Lara Croft and the Guardian of Light* and *Lara Croft and the Temple of Osiris* games! This colossal, hardcover volume collects *Tomb Raider: The Beginning*, *Tomb Raider #1-#18*, *Tomb Raider (vol. 2) #1-#12*, *Tomb Raider: Survivor's Crusade #1-#4*, *Tomb Raider: Inferno #1-#4*, and *Lara Croft and the Frozen Omen #1-#5*, originally published by Dark Horse Comics between March 2013 and October 2018 and features stories by *Tomb Raider* lead writer Rhianna Pratchett, award-winning comic-book writers Gail Simone, and Mariko Tamaki, and fan-favorite artists Phillip Sevy, Randy Green, Carmen Carnero, and many more!

In the second novel based on the world's bestselling video game, Lara Croft narrowly escapes death while on a mission for the CIA to recover stolen Iraqi artifacts, only to be thrown into her next action-packed adventure. Original. *Serial Vigilantes of Paperback Fiction* Bradley Mengel 2009-10-21 Rough justice has often been served in the pages of serial novels, notably beginning with Don Pendleton's *The Executioner* in 1969. This is the first overview of the serial vigilante genre, which featured such hard-boiled protagonists as Nick Carter, Mark Stone, Jake Brand and Able Team among the 130 series that followed Pendleton's novel. Serial vigilantes repeatedly take the law into their own hands, establishing and imposing their own moral standards, usually by force. The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys, private eyes, spies and

cops in different media. A complete bibliography for each series is featured.

Game On! Learn about the creators and inspiration (Mario was named after Nintendo's landlord after he barged into a staff meeting demanding rent), discover historical trivia and Easter eggs (The developers of *Halo 2* drank over 24,000 gallons of soda while making the game), and explore the innovations that make each game special (The ghosts in *Pac-Man* are the first example of AI in a video game). Whether you consider yourself a hard-core gamer or are just curious to see what everyone is talking about, *Game On!* is the book for you!

studies and game studies to explore two interrelated areas of inquiry: The first part of the book focuses on hybrid medialities and experimental aesthetics "between" comics and videogames; the second part zooms in on how comics and videogames function as transmedia expansions within an increasingly convergent and participatory media culture. The individual chapters address synergies and intersections between comics and videogames via a diverse set of case studies ranging from independent and experimental projects via popular franchises from the corporate worlds of DC and Marvel to the more playful forms of media mix prominent in Japan. Offering an innovative intervention into a number of salient issues in current media culture, Comics and Videogames will be of interest to scholars and students of comics studies, game studies, popular culture studies, transmedia studies, and visual culture studies.
