-let is attached to a noun to form a noun that is a smaller version of the original noun or root: book + -let → booklet (= a smaller book); pig + -let → piglet (= a smaller pig). Let us is the first person plural imperative, which we only use in very formal situations. Let's is the short form, which we often use to make suggestions which include ourselves: ... 1. To slow down; diminish: didn't let up in their efforts. 2. To become less severe or intense: The rain let up. If you let a person or an animal into, out of, or through a place, you allow them to enter, leave, or go through it, for example, by opening a door or making room for them. Lets vs. Let's A common misspelling that occurs more and more often is the wrong replacement of "lets" with "let's" and vice versa. Good news is that you can easily observe and fix

this error, if you perfectly ... hire, let, lease, rent, charter mean to engage or grant for use at a price. hire and let, strictly speaking, are complementary terms, hire implying the act of engaging or taking for use and let the granting of use.
