**The Opposite of Invisible** Liz Gallagher 2009-10-13 Alice and Jewel have been best friends since grade school. Together, they don't need anyone else, and together they blend into the background of high school.

Invisible. To Alice, Jewel is the opposite of invisible. Jewel is her best friend who goes to Indie concerts and art shows with her. Jewel scoffs at school dances with her. Alice is so comfortable around Jewel that she can talk to him about almost anything. But she can't tell him that she likes the cool, popular Simon. And then Simon asks her to the school dance the same day that Jewel kisses her for the first time. Still, she can't say no to Simon. He seems like the easy choice, the one she's attracted to, the one she's ready for. But will it mean losing Jewel? In a bright debut novel set against the lively backdrop of Seattle, Alice must learn the difference between love and a crush, and what it means to be yourself when you're not sure who that is yet.

**Acceleration** Graham McNamee 2008-12-18 It's a hot, hot summer, and in the depths of the Toronto Transit Authority's Lost and Found, 17-year-old Duncan is cataloging lost things and sifting through accumulated junk. And between Jacob, the cranky old man who runs the place, and the endless dusty boxes overflowing with stuff no one will ever claim, Duncan's just about had enough. Then he finds a little leather book. It's a diary filled with the dark and dirty secrets of a twisted mind, a serial killer stalking his prey in the subway. And Duncan can't make himself stop reading. What would you do with a book like that? How far would you go to catch a madman? And what if time was running out. . . .

**They Hurt, They Scar, They Shoot, They Kill** Joni Richards Bodart 2016-09-29 Young adults live in a violent culture, so trying to protect them from the world they live in is not only futile but can also be dangerous. No matter their ethnicity, social class, or economic status, teens must know how to survive the perils that may await them. Most teens understand this, and they want books, television shows, and films to reflect the reality of their world—the bad along with the good. In *They Hurt, They Scar, They Shoot, They Kill: Toxic Characters in Young Adult Fiction*, Joni Richards Bodart examines works of fiction that feature characters who threaten the psychological and physical well-being of teens and their friends and families. In this companion volume to *They Suck, They Bite, They Eat, They Kill*, the focus is on individuals who prey on the vulnerable: bullies, manipulators, torturers, sexual predators, and sadists. The novels and stories discussed in this volume feature adult criminals or predators who look for young people to ensnare; school personnel who interact with students in harmful ways; teens who bully others in order to hide their own fears and weaknesses; and parents, siblings, and others who mistreat family members. Arranged in five sections that cover such topics as bullies, school shootings, and monsters at home, this volume analyzes the most important and well-written series and titles for teens. *They Hurt, They Scar, They Shoot, They Kill* will help parents, teachers, and other adults understand the value of these titles and the benefits of reading them, so they will be less likely to forbid them to their teens or challenge library collections for carrying them.

**Defender** Graham McNamee 2016-04-12 From the Edgar Award-winning author of *Acceleration* comes a mystery about an old murder and new truths, perfect for fans of Barry Lyga, Madeleine Roux, and Michelle Gagnon. They call her Tiny, but Tyne Greer is six foot six, a high school basketball star who is hoping the game will be her ticket out of the slum. She lives in a run-down building called The Zoo, where her father is the superintendent. One day she discovers a crack in the wall of an abandoned basement room. And sealed up in the wall is a girl's body. Horrified, she runs to get her dad. But after he goes to take a look, he comes back and tells Tyne that nothing's there. No girl. No body. He tells her she must be seeing things in the dark. Tyne is sure it was real, though, and when she finds evidence that the body was moved from the hole in the wall, she knows the only one who could have done it is her father. But why? What is he hiding? Tyne's search for answers uncovers a conspiracy of secrets and lies in her family. The closer she gets to the truth, the more dangerous it becomes for her. Because some will do anything to bury the past . . . and keep her silent.

**Red Palms** Cara Haycak 2006-03-14 When fourteen-year-old Benita's wealthy family goes bankrupt as a result of the Depression, they go from their luxurious life in Guayaquil, Ecuador to a primitive island, with the wild scheme of starting a coconut plantation.

**Code Orange** Caroline B. Cooney 2008-12-10 Walking around New York City was what Mitty Blake did best. He loved the city, and even after 9/11, he always felt safe. Mitty was a carefree guy—he didn't worry about terrorists or blackouts or grades or anything, which is why he was late getting started on his Advanced Bio report. Mitty does feel a little pressure to hand something in—if he doesn't, he'll be switched out of Advanced Bio, which would be unfortunate since Olivia's in Advanced Bio. So he considers it good luck when he finds some old medical books in his family's weekend house that focus on something he could write about. But when he discovers an old envelope with two scabs in one of the books, the report is no longer about the grade—it's about life and death. His own. This edge-of-your-seat thriller will leave you breathless.

**The Legend of Bass Reeves** Gary Paulsen 2008-12-30 Born into slavery, Bass Reeves became the most successful US Marshal of the Wild West. Many "heroic lawmen" of the Wild West, familiar to us through television and film, were actually violent scoundrels and outlaws themselves. But of all the sheriffs of the frontier, one man stands out as a true hero: Bass Reeves. He was the most successful Federal Marshal in the US in his day. True to the mythical code of the West, he never drew his gun first. He brought hundreds of fugitives to justice, was shot at countless times, and never hit. Bass Reeves was a black man, born into slavery. And though the laws of his country enslaved him and his mother, when he became a free man he served the law, with such courage and honor that he became a legend.

**The British National Bibliography** Arthur James Wells 2005

**I Is Someone Else** Patrick Cooper 2009-03-04 It is 1966, and the times, they are a-changin'. Fifteen-year-old Stephen is on his way to a summer program in France when he meets two glamorous new friends of his older brother, Rob, who has been missing for 18 months. They persuade Stephen to travel to Istanbul with them, to find his brother. And what a world opens up to him: a world of beautiful girls, drug busts, fascinating cultures, fast-moving friendships, and betrayals. As he travels further into Asia, the nature of Stephen's journey changes: The search for his brother is replaced by an inner exploration, in which he must confront

his own past, and his own dark secret.

**Raising the Griffin** Melissa Wyatt 2007-12-18 What's it really like to be a prince? To his horror, British schoolboy Alex Varenhoff finds out when the monarchy is restored in the tiny country of Rovenia. "To see, to do, to prevail." The motto of Rovenia stands for bravery and honor. But none of this matters to Alex Varenhoff. Though he was always aware of his tie to the ancient monarchy, Rovenia tossed out the Varenhoff dynasty long ago, when the Communists took over. But Rovenia now finds itself in need of the leadership of a king. Alex must leave home in England and assume his role in Rovenia as . . . prince? He's thrust into a life he was never raised for. Alex hates pomp and circumstance, and the hordes of screaming girls that wait everywhere. And this new life is dangerous, for there are Rovenians who oppose the monarchy. Becoming a true prince presents Alex with a heartbreaking challenge far beyond anything he ever expected, one of the greatest challenges that any Varenhoff has ever had to face.
