Urban Poverty and Violence in Jamaica Caroline O. N. Moser 1997-01-01
This report conducts a comprehensive analysis of India's stabilization
and reform program over the past five years, describing a successful
transition from central planning to a more open and deregulated
economy. In addition to the progress the country has made, the report
cites challenges to future growth and points to areas of priority action,
such as improving urban services and investing in human capital. The
report addresses specific topics, including (i) fiscal consolidation and
debt dynamics; (ii) public expenditure and tax reforms; (iii) money and
bond markets; (iv) contractual savings institutions; (v) agricultural trade
liberalization and rural development; (vi) investing in private
infrastructure; and (vii) the external environment and India's export
competitiveness.

Gang War Graham Johnson 2011-02-03 'If those pricks want a war, lad,
we'll show what some proper soljas can do.' Dylan, Nogger and their
crew 'tax' rival drug dealers using a red-hot steam iron and celebrate by
making videos of themselves raping wannabe WAG s. In their world,
guns and knives are as common as mobile phones. But when an innocent
three-year-old girl is killed in the crossfire, extreme measures are
brought in to combat gang warfare. From burgeoning organised crime to
warped celebrity culture, Gang War is an apocalyptic vision of a world in
freefall. The gripping debut novel by the bestselling author of Powder
Wars is a mind-blowing tale that is all the more shocking because it is
inspired by real-life events.

No Gang War in '74 Samuel C. Say 2013-02-28 Representative Chaka
Fattah and Councilman Curtis Jones Jr. went through the House of Umoja
and were witnesses to the transformational process of young people who
identified with individual gangs. Many of these gangs were started in the
fifties and expanded throughout the sixties. However in 1968 gang
warfare became much more deadly. Once the body counts went up gangs
wanted to even the score. It took two dedicated parents who were not
only concerned about their own children but their community as well, to
set in motion a transformational process which started with their own
house and in five years ripped across the city. Through these well
organized gangs young people had seen the mean things they could do to
each other. David and Falaka Fattah showed them the beautiful things
they could do, the importance of community and civic duty. They
connected them with both family and African tradition. This is a story
that must be told and cannot be forgotten.

The Truce Karen Umemoto 2018-07-05 This ethnography of a gang war
in the Los Angeles neighborhood of Oakwood, just blocks from the famed
Venice Beach boardwalk, provides a rare eyewitness account of the
urban violence pervasive in the recent history of the United States. With
seventeen people killed and more than fifty injured, the hostilities over
ten months in 1993 and 1994 marked the peak of gang violence in the

history of Los Angeles, a city once labeled the "gang capital of the
nation." The conflict began as a quarrel among individuals, some of
whom had gang affiliations. Over time, the feud engulfed families and
soon grew into a sustained clash between African American and Latino
gangs. Eventually, victims fell who were not members of opposing gangs,
but who fit certain racial and gender profiles. The conflict began to take
on the attributes of what one local newspaper sensationalized as a "race
war." Karen Umemoto lived nearby during this conflict and undertook
two years of ethnographic research during and immediately following the
spate of killings. She now offers a nuanced analysis of the trajectory and
eventual end of this acute crisis. Her interviews with gang members,
neighborhood residents, business leaders, police officers, and gang-
intervention workers reveal the complexity of contemporary American
urban conflict. The Truce highlights the differences in interpretations
among combatants, witnesses, and law enforcement agents and others
whose actions often had unintended consequences. Drawing on her
experience living in multicultural Los Angeles and on the latest
scholarship in a wide variety of disciplines, Umemoto provides much-
needed guidance for policymakers and concerned members of the public
faced with violence in an ever-changing urban landscape.

Critical Explorations of Crisis Helle Rydstrom 2025-09-18 Claims to
'crisis' reverberate across societal and academic discourses, as people
around the world face dire situations and detrimental challenges. Yet,
the study of crisis tends to remain siloed and therefore oblivious to the
multi-dimensional nature of crisis, which inhibits learning from one type
of crisis to the next. Bringing together a broad team of contributors, this
book argues for a new interdisciplinary field of crisis studies. Covering a
range of cases, the book critically explores the intersections of socio-
economic, political, climate, and health factors to unravel the dynamic
and transformative forces of crisis. In doing so, the book contributes
novel insights into human precariousness and resilience in times of crisis
shaped by global—local inequities, 'post-fact' discourses, and politics.
