First Class Gretchen A.L. Schork 2013-07-06
Twelve weeks of study. Twelve students. A school that takes magic seriously. What could happen? A curse, an evil magician's ghost, revenants, and trance possession. In other words, just the usual for a group that is studying magic for the first time in an academic setting.

The Puzzle of Fascism Eric D. Williams 2006-01-16
Those who do not know history are doomed to repeat it. Using the historical record of fascist regimes, Eric D. Williams draws hauntingly similar characteristics used by former fascist regimes currently unfolding in the United States. Williams establishes eight undisputable points arising from the current administration, and offers valid points to stop the slide towards fascism by taking back America by the people, for the people.

The Big Book of Christian Apologetics Norman L. Geisler 2012-11-01
The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith. Examining nearly every key issue, person, and concept related to Christian apologetics, this book clarifies difficult biblical passages, clearly explains various philosophical systems and concepts, examines contemporary issues and challenges, and offers classic apologetic arguments, all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics. An expertly abridged version of the Baker Encyclopedia on Christian Apologetics, this resource brings leading apologist Norman L. Geisler's seminal work to the masses.

The History of the Book in South Asia Francesca Orsini 2016-12-05
The History of the Book in South Asia covers not only the various modern states that make up South Asia today but also a multitude of languages and scripts. For centuries it was manuscripts that dominated

book production and circulation, and printing technology only began to make an impact in the late eighteenth century. Print flourished in the colonial period and in particular lithographic printing proved particularly popular in South Asia both because it was economical and because it enabled multi-script printing. There are now vibrant publishing cultures in the nation states of South Asia, and the essays in this volume cover the whole range from palm-leaf manuscripts to contemporary print culture.

Walking the Plank: To a Dhimmi Nation

Mary Christina Love 2010-01-12
"Walking the Plank: To a Dhimmi Nation" reveals how America has been systematically submitting to Islam for decades as American businessmen and politicians endorse Islamic causes in exchange for oil, money, and power. Mary Christina Love describes Islam as a Russian Doll, with each victory leading to a larger victory. She shows how Islam is exerting increasing influence on America through immigration, oil economics, cultural exchange, education, political correctness, financial contributions, and the threat of terror; with 9/11 instrumental in enabling Islamic expansion in the United States by destroying evidence of who the world's real imperialists are, and affording Muslims an affront to feel aggrieved and demand special protection status. Cohorts in what could result in the largest coup d'état ever, Globalists and Islamists are allies that use a potpourri of tactics to eliminate Capitalism and Democracy to create a one-world government. The global warming theory, the recent financial crisis, the bailout, cap and trade, and the health care plan will establish a framework that if successful, will ultimately drive America into generations of dhimmitude. Mary Christina Love describes

dhimmitude, a pacifist reaction to aggression, as submission to Islamic demands resulting from cowardice, vulnerability, bribery and extortion. A dhimmi is a non-Muslim entity that accepts the conditions of Islamic law and remains safe by surrendering to Islamic terms. She provides current, and historical examples such as the Barbary Wars, to show how America is submitting to Islam through concession and appeasement under coercion and constant fear of reprisal.

Surrender Bruce Bawer 2009-05-19 WITH A NEW AFTERWORD In his controversial and critically acclaimed *While Europe Slept*, Bruce Bawer outlined the danger that Islamic immigration posed to traditional European values. In this provocative follow-up, he takes up the West's recent trend of silence and

appeasement in the face of cultural intimidation by radical Islam. From an examination of coverage of the shocking murder of Dutch filmmaker Theo Van Gogh to the widespread denunciation of the Danish editors who published editorial cartoons mocking Mohammed, Bawer shows how radical Islam has cowed Western media, politicians, intellectuals, and religious leaders into believing that we must give up the right of free expression to peacefully coexist with the Muslim world. Fearless and excoriating, *Surrender* is an unapologetic and uncompromising defense of free speech that will stir conservatives and liberals alike.
