*The Theory and Practice of Group Discussion with Quality Talk* Chao-Chen Chen

2021-08-02 This book explores the application of a significant discussion approach, Quality Talk, to English learning in Taiwanese college classrooms. Quality Talk has been found to successfully enhance students' reading comprehension and

higher-level thinking in American contexts. It offers an introduction to Quality Talk and demonstrates how it can be implemented in college level English classes. It addresses students' three levels of English proficiency: elementary, intermediate, and advanced. The respective chapters discuss a range of aspects: students' language proficiency levels, students' own viewpoints on the discussion approach, students' academic backgrounds, teaching materials, and culture-based learning. Readers will gain valuable insights into the Quality Talk approach and how it can be implemented in the classroom.

Keynote Paul Dummett 2016-05-13 Through life-changing stories, respected thinkers and authentic presentations, Keynote promotes a deeper understanding of the world and gives students the courage and means to express themselves in English. Communication, collaboration and creative thinking drive students towards real 21st century outcomes and encourage them to respond to ideas and find their own voice. Both students and teachers will emerge with new confidence, new ideas and a new determination to communicate in this increasingly information-rich world of Global English.

simultaneously gives them the tools to do so. This important book helps faculty members who want to become more active on a national scale and would like to move beyond publication in scholarly journals and books. Expert contributors explore how to have a voice about salient higher education issues and engage traditional media, new medias, policymakers, funders, and the general public. Chapters offer best approaches and concrete strategies for diverse audiences, helping faculty have an impact on society by becoming more publicly engaged and writing for broader audiences in more inclusive ways. This critical guide also covers strategies for confronting obstacles academics might encounter along the way and presents tactics for responding to controversy and backlash.
