Screw-Ups + Lessons Learned = Life

Bella Brown 2010-11-10 Mistakes and screw-ups happen no matter who we are. Given time, we see that each screw-up was only a lesson life intended to teach us. Every lesson learned prepares us for the next level on the ladder of success. Train your mind to practice right-thinking, a method introduced by author Bella Brown that helps pinpoint something positive in every circumstance and identifies the lessons life

is trying to teach. The Law of Attraction and the Universal Mind of God work hand-in-hand with our personal thoughts, even though we may be unaware of it. Exploring the Law of Attraction and incorporating biblical teachings into those findings is one way to help define lifes purpose. The mind has the power to minimize screw-ups and create the future we desire. We were all made in God's image and likeness, and that does not stop at physical attributes. We can create as well, combining predominant thought and faith. Screw-Ups + Lessons Learned = Life encourages you to explore the spiritual dimension of our existence and understand and tap into your God-given creative powers.

Paperback, metaphysical description of our higher power and the God within, and how to use that power

Wishes Fulfilled Dr. Wayne W. Dyer
2013-12-03 This book is dedicated to your mastery of the art of realizing all your desires. The greatest gift you have been given is the gift of your imagination. Everything that now exists was once imagined. And everything that will ever exist must first be imagined. *Wishes Fulfilled* is designed to take you on a voyage of discovery, wherein you can begin to tap into the amazing manifesting powers that you possess within you and create a life in which all that you imagine for yourself becomes a present fact. Dr. Wayne W. Dyer explores, for the first time, the region of your highest self; and definitively shows you how you can truly change your concept of yourself, embark upon a God-realized way of living, and fulfill the spiritual truth that with God all things are possible—and "all things"

means that nothing is left out. By practicing the specific technique for retraining your subconscious mind, you are encouraged to not only place into your imagination what you would like to manifest for yourself, but you are given the specifics for realigning your life so you can live out your highest calling and stay connected to your Source of being. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes—all of them—can indeed be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. This book will help you See—with a capital S—that you are Divine, and that you already possess an inner, invisible higher self that can and will guide you toward a

mastery of the art of manifestation. You can attain this mastery through deliberate conscious control of your imagination!

and keep faith. It requires only a few minutes of your time each day, a few minutes that will reward you with greater vistas in life, greater hope and promise than has ever been dreamed. There is a cause! There is a reason! There is a power greater than you are, which you are a part of, which you can use to make your life good and great and vigorous and full of abundance! If thou canst but believe; All things are possible to him who believes." - Uell S. Andersen
