Countries by Continents: Africa. Index of African countries, states, and regions, with population figures, capital cities, and maps. Africa is the world's second-largest and second most-populous continent, after Asia. If adjacent islands are included, it covers six percent of Earth's total surface area and 20 percent of the total land area. There are 54 fully recognised and independent countries in Africa, and 14.7% (1.216 billion) of the world's population lives there. [4] It is thought to be the continent where the first humans evolved. Most people outside the continent divide Africa into two regions: the Arabic-speaking North Africa, and everywhere else as sub-Saharan Africa. However, Africa is a very diverse continent, and this division ... Despite this low concentration of wealth, recent economic expansion and a large and young population make Africa an important economic market in the broader global context, and Africa has a large ... 19 hours ago · Africa, the second largest continent (after Asia), covering about one-fifth of the total land surface of Earth.
