*Busy Principals* Marilyn L.

Grady 2000-08-16 The letters that can make a difference in the principalship often are the letters that principals have no time to prepare. Often "must write" negative letters consume the principal's letter-writing energies. This collection of letters is primarily focused on the "letters that principals have no time to prepare". Clearly principals know how to write letters. They simply have incredible time constraints. The letters in this manual are not a substitute for the personalized letters that principals will craft. This collection is merely a "starter kit". The timesaving templates are easy to personalize and customize with the CD that provides a powerful and effective tool ready at the click of the computer mouse.
