1066 - and All that Reginald Arkell 1935

The Oxford Dictionary of Quotations

Elizabeth M. Knowles 1999 This major new edition of The Oxford Dictionary of Quotations offers the broadest and most up-to-date coverage of quotations available today. Now with 20,000 quotations arranged by author, this is Oxford's largest quotations dictionary ever. As well as quotations from traditional sources, and with improved coverage of world religions and classical Greek and Latin literature, this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes. For the first time there are special sections for Advertising Slogans, Epitaphs, Film Lines, and Misquotations, which bring together topical and related quotes, and allow you to browse through

the best quotations on a given subject. In this new fifth edition there is enhanced accessibility with a new thematic index to help you find the best quotes on a chosen subject, more in-depth details of the earliest traceable source, an extensive keyword index, and biographical cross-references, so you will easily be able to find quotations for all occasions, and identify who said what, where, and when.

1066 and All that Walter Carruthers Sellar 1999
 One of the most well-loved and best-selling British humor titles of all time "Canute began by being a Bad King on the advice of his Courtiers, who informed him (owing to a misunderstanding of the Rule Britannia) that the King of England was entitled to sit on the sea without getting wet." This humorous "history" is a book that has itself become part of the UK's history. The authors made the claim that "All the History you can remember is in the Book," and, for most Brits, they were probably right. But it is their own unique interpretation of events that has made the book a classic; an uproarious satire on textbook history and a population's confused recollections of it.
