## **Improving Reading Comprehension of Self- Chosen Books Through Computer**

**Assessment and Feedback** Keith James  
Topping 2022-07-12 Schools around the world  
use online programs like Accelerated Reader  
and Reading Counts to improve students'  
reading comprehension of real books, but how  
can such software be used most effectively? In  
this unique resource, researcher Keith Topping  
analyzes independent research studies and  
brings you best practices on quality

implementation to enhance effectiveness. He explains the evidence base for the programs in a comprehensible way and addresses many common questions, such as "Does it work?," "How should it be implemented to make it work?," and "Is it cheaper and more efficient in teacher time than what we were doing before?" He also discusses best practices for using the assessment data, for tailoring implementation in elementary vs. high schools, and for working with disadvantaged students. Appropriate for teachers, literacy coaches, curriculum leaders, and other stakeholders, the book will provide you with a strong research foundation and easily accessible information to help you fine-tune your understanding of the reading programs and implement them more successfully in your schools and classrooms.

The Book Whisperer Donalyn Miller 2009-03-16

Turn any student into a bookworm with a few easy and practical strategies Donalyn Miller says she has yet to meet a child she can't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue the reading habit after they've finished with your class Data from

student surveys and end-of-year feedback that proves how well the Miller Method works The Book Whisperer includes a dynamite list of recommended "kid lit" that helps parents and teachers find the books that students really like to read.
