Bazaar Exchange and Mart, and Journal of the Household 1881
Migrants No More Johan Pottier 2018-09-03 Originally published in 1988, this book documents genealogical developments which, together with changes in agricultural production, religious ethic, politics, gender relations, patterns of solidarity and trade were local adjustments to the economic crisis of the 1970s and 80s in Zambia. The book explores the dynamics of a peripheral 'traditional' economy, examining the extent to which village structures and value systems have changed.

Indigeneity in Real Time Ingrid Kummels 2023-03-17 Long before the COVID-19 crisis, Mexican Indigenous peoples were faced with organizing their lives from afar, between villages in the Oaxacan Sierra Norte and the urban districts of Los Angeles, as a result of unauthorized migration and the restrictive border between Mexico and the United States. By launching cutting-edge Internet radio stations and multimedia platforms and engaging as community influencers, Zapotec and Ayuujk peoples paved their own paths to a transnational lifeway during the Trump era. This meant adapting digital technology to their needs, setting up their own infrastructure, and designing new digital formats for re-organizing community life in all its facets—including illness, death and mourning, collective celebrations, sport tournaments, and political meetings—across vast distances. Author Ingrid Kummels shows how mediamakers and users in the Sierra Norte villages and in Los Angeles created a transborder media space and aligned time regimes. By networking from multiple places, they put into practice a communal way of life called Comunalidad and an indigenized American Dream—in real time.

Live Aid: The Definitive 40 Year Story Paul Vallely 2025-11-06 A Classic Pop Music Book of the Year FEATURING A FOREWORD BY BOB GELDOF The authoritative, official inside story of 40 years of Live Aid, from Band Aid to today In 1985, with £100+ million in his back pocket from Live Aid - the greatest rock concert the world had ever seen - Bob Geldof took a trip across Africa to decide how to spend the money he had raised for the Ethiopian famine. He asked Paul Vallely to go with him. Over the next four decades Vallely became one of Geldof's closest advisers - travelling with him to meet the world's top rock stars and politicians. Here, for the first time, Vallely gives his full eye-witness account of those 40 years. The book, which has a foreword by Bob Geldof, is crammed with stories of how pop, poverty, politics and power are interwoven in the Live Aid story. Geldof encounters presidents, prime ministers and popes as well as the pop heroes who adorned his bedroom wall as a boy. Bob drinks late-night whisky with Margaret Thatcher, is forced to write a grovelling apology to Bill Clinton and meets Vladimir Putin on a boat in the Mediterranean. He pressurises The Who, sweet talks Pink Floyd, and is awestruck by Bowie. Is Bob Geldof a bully or a charmer, saint or 'white saviour', or simply a force of nature? But there

is more to this than music. The journey from Live Aid to Live 8 was one from giving money to calling for action, from charity to justice - and an entire generation went on it with him. Live 8 in 2005 was the largest gathering in human history. Its eight simultaneous concerts created a seismic event which the leaders of the world's most powerful nations could not ignore. It made a whole generation feel they could make a difference. In more ways than one, Live Aid rocked the world.
