America's Builders 1952
Alternative Schools Brenda Edgerton Conley 2002-11-22
An examination of the growth and development of alternative schools in American society and their role in the public school environment. In *Alternative Schools: A Reference Handbook*, educator Brenda Edgerton Conley surveys the emerging alternatives to our conventional educational system—a system that is not only costly, but ineffective for many children. In a resource aimed at a broad audience—school administrators, politicians, and, most important, parents—Conley offers both a historical and a present-day perspective on alternative educational programs. What sets the alternative education movement apart, she argues, is its acknowledgment that we all

learn differently. That knowledge has given rise to an explosion of exciting alternatives—from open schools to home schooling, from charter schools to church schools. These alternative schools are smaller and less bureaucratic, more responsive to the community, and more receptive to change.

Everyday Vocabulary Builders Ashan R Hampton 2019-09
Do you know what you want to say, but just can't find the words? When you start to write, do you struggle to get words on paper? Words in. Words out. To speak and write effectively, you must learn more words. At work, school or in everyday life, you must write something—an email, a report or a note on the bathroom stall. Expanding your vocabulary

helps words to flow easily from your mind to a blank page, and improves your overall communication skills.

◆Everyday Vocabulary◆

features words that are commonly found in business writing, academic books, and standardized tests, such as the TABE and GED assessments. After completing twenty-five lessons of ten words each, you will add 250 words to your vocabulary, which increases your ability to express yourself faster and more effectively.

Essential Business Vocabulary Builder Paul Emmerson 2011 "This is the second, in a two-level series of business vocabulary and practice books. It is a self study/classroom book & CD pack. The first half of the book is devoted to business vocabulary and practice, the second half to skills work. The audio CD features interviews with real business people and has accompanying exercises in the book. The business vocabulary builders are intended as companions to the two business grammar builders by the same author."-- Publisher's description.
