

Green Line Klett Vokabeln

Apr 1, 2026 · Green is a basic colour term added to languages before or after yellow, following black, white, and red. The word green derives from Proto-Germanic grōni and Old English grene. Whereas there is just one kind of electric charge, however, there are three kinds of color charge, usually called red, blue and green. (The names, of course, have nothing to do with colors in the everyday sense.) Green is the result of mixing blue and yellow. The many variations of green depend on the proportions of the two primary colors. For example, more yellow and a tinge of blue could make lime green. The green ...
