Matrix of Power Jordan Maxwell 2000-05 Who really runs the world? Who controls the money, the politics, and almost every facet of life without you knowing a thing about it? Is such a thing possible? Maxwell grew up in a family that had high-ranking insiders in international politics and religion, so had access to information that few people could imagine. He continued with a lifetime of investigation and is now considered the world's foremost authority on ancient religions and modern conspiracies. He has appeared on three CBS television specials and countless radio shows. His work on the true meaning of symbols in politics, religion, and major corporations is also covered in this highly illustrated book. Explore this fascinating subject with a man who has devoted a lifetime of study to uncovering our hidden masters.

**Secret Societies** Sylvia Browne 2009-10 Following in the footsteps of her bestselling "Secrets & Mysteries of the World," Browne now writes about the clandestine realm of secret societies and their impact on daily life.

**Secret Societies** Sylvia Browne 2007-09-11 The #1 New York Times best-selling author Fresh from the success of her book *Secrets & Mysteries of the World*, Sylvia Browne now writes about the clandestine world of secret societies. Sylvia's research, combined with her amazing communication with her spirit guide Francine, has uncovered the fact that many secret societies affect the lives of each of us every day...whether it be in the areas of religion, politics, economy, government, crime, or other worldwide influences. She shares her knowledge of the conspiracies, coverups, long-held secrets, misinformation, and power manipulations of secret societies in both the past and present and how they can affect us today and in the future. From the mysterious secrets of the Knights Templar to the powerful secret societies of the modern age, Sylvia takes us on an amazing journey to explore and unearth the truth. She discusses the amazing influence of the

Freemasons on our Founding Fathers, the influence of religion on earth-shaking secrets and terrorism, the agenda of powerful secret societies for a "New World Order," and much more. Sylvia explores it all, and even gives us information on a powerful secret society that no one has even heard about. So lock your windows and doors and read about these societies and their secrets...some will really raise the hair on your neck!

**Secret Societies** John Lawrence Reynolds 2011-09-01 They generate fear, suspicion, and—above all—fascination. Secret societies thrive among us, yet they remain shrouded in mystery. Their secrecy suggests, to many, sacrilege or crime, and their loyalties are often accused of undermining governments and tipping the scales of justice. The Freemasons, for example, hold more seats of power in the U.S. government than any other organization. No fewer than sixteen presidents have declared their Masonic affiliation, and there may have been more. Secret societies have infiltrated pop culture as well. Celebrity members of Kabbalah include Madonna, Demi Moore, and Elizabeth Taylor, among others. From the Mafia and the Yakuza to the Priory of Sion, Skull and Bones and the Templars, Reynolds offers an illuminating and entertaining exploration of the stories—confirmed and fabricated—that

surround these societies, as well as provides detailed information on their origins, initiations, rituals, and secret signs. Dispelling myths and providing gripping revelations—such as a direct historical link between the Assassins of the Middle Ages and today's Al Qaeda—*Secret Societies* gives us a smart, surprising look at the best known and often least understood covert organizations.

*Influences on Decision Making* Dr. Neelesh Kumar Maurya 2025-11-18 *The Invisible Forces: Unveiling Hidden Influences on Decision Making* by Dr Neelesh Kumar Maurya What if the choices you believe are yours... were never entirely your own? What if unseen currents—emotional, social, ancestral, and cosmic—were silently steering your every decision? *The Invisible Forces* is a profound exploration of the hidden powers that shape human thought and action. Blending psychology, spirituality, philosophy, and lived experience, the book reveals how fear, memory, desire, culture, belief, relationships, intuition, and destiny quietly influence our judgement often more than logic or reason. Rather than viewing decision-making as a conscious act, this book invites readers to rethink choice as a tapestry woven by forces both known and unseen. It challenges long-held assumptions and opens new pathways for self-awareness, clarity, and transformation. Thought-provoking and deeply insightful, this work appeals to thinkers, seekers, leaders, scholars, and anyone who has ever wondered: Why did I choose this path? Could I have chosen differently? With reflective questions, relatable examples, and philosophical depth, the book does not merely inform—it awakens. It encourages readers to notice patterns, break conditioning, and recognise the subtle energies shaping their direction in life. If you are curious about the mind, destiny, and the silent architects of human behavior, this book will not just speak to you—it will stay with you. "From fear to faith, memory to culture, intuition

to destiny—this book reveals the silent architects behind human decision-making."
