These enchanting, haunting stories from Carnegie winner Lucy M. Boston have become modern classics, beautifully evoking all the magic and wonder of childhood. Now The Children of Green Knowe and River at Green Knowe are available in one edition. Children of Green Knowe Tolly's great grandmother isn't a witch, but both she and her old house, Green Knowe, are full of a very special kind of magic. There are other children in the house - children who were happy there centuries before. Running around Green Knowe's moat, gardens and mysterious rooms, Tolly slowly discovers them, their toys and animals, and their wonderful stories . . . River at Green Knowe 'What a lot of islands the river makes,' said Ida. 'We must go exploring and sail around them all.' And so begins a wonderful, magical summer. Ida, Oscar and Ping are staying with Ida's great-aunt at the ancient, river-encircled house of Green Knowe. They set out to chart the river in the canoe, and soon discover that it has some surprising and mysterious secrets. 'An award-winning classic story of a friendship.' LoveReading4Kids 'Magic, mystery and fun will bring listeners along for an entertaining ride.' Publishers Weekly

What Else Should I Read? Matthew L. Berman 1996-08-15 In answer to the perennial question "What else should I read?", these innovative resources go beyond linear listings of suggestions to help students find books through a variety of directions, including subject, author, and genre. Each guide contains approximately 30 displayable bookwebs that can be used as posters, with reproducible bookmarks that list related titles and fit into pockets on the posters. Each web leads users to 8 to 14

related topics that have lists of relevant books with their authors and brief LC descriptions. Detailed author, title, and subject indexes make further exploration easy. Hundreds of the best fiction books for young readers, titles commonly found in school library collections, are covered in the webs. The visual, nonlinear features of these books make them unique and user-friendly tools for educators and students alike. Perfect for the bulletin board, the bookwebs are a great way to stimulate reading!

**Children's Literature for All God's Children** Virginia Thomas 1986-01-01 The themes, words, and concepts in children's literature speak to the whole Christian community. Virginia Thomas and Betty Miller have examined children's literature and designed an extensive annotated list of children's stories, poems, folk tales, and fiction that

express faith, belief, theology, and Christian principles. This unique resource/reference handbook gives the church the opportunity to function as a united community of believers. Children and adults have the chance to study and learn together -- grow as a whole community. Thomas and Miller offer a practical approach to children's literature that gives background and theory, an evaluation of techniques, "how-to" guidelines, suggestions for use, lists of books, two annotated bibliographies, and indices: subject and themes, genre, and book awards. Explains: why children's literature is a good resource for Christians where to find good stories how significant themes are adapted for different age levels how to evaluate stories how to use them Parents, teachers, and ministers will delight with children in this new approach to sharing, learning, teaching, and worship. The bibliography of books for all ages is a treasure-house of information. Features basic book information, summary, and themes values. This is an educational tool that provides a new avenue to understanding our faith.
