The Holy Quran Mohamed Abujad 2021-09-12 One of the most influential books in the history of literature, recognized as the greatest literary masterpiece in Arabic, the Qur'an is the supreme authority and living source of all Islamic teaching, the sacred text that sets out the creed, rituals, ethics, and laws of Islam. First published in 2004, M. A. S. Abdel Haleem's superb English translation has been acclaimed for both its faithfulness to the original and its supreme clarity. Now Haleem's translation is published side-by-side with the original Arabic text, to give readers a greater appreciation and understanding of the holy book. This translation is written so that remains true to the meaning and spirit of the original, making the text crystal clear while retaining all of this great work's eloquence. It is now set page-for-page against the most widespread traditional calligraphic Arabic text, for the benefit of Muslims who wish to make the connection between the translation and the Arabic text, as well as Arabic readers and non-Arabs learning to read the Qur'an in Arabic. As in the original volume, the translation is completely free from the archaisms, incoherence, and alien structures that mar other translations. Furthermore, Haleem includes notes that explain geographical, historical, and personal allusions as well as an index in which Qur'anic material is arranged into topics for easy reference. His introduction traces the history of the Qur'an, examines its structure and stylistic features, and considers issues related to militancy, intolerance, and the subjection of women.

The Language of the Taj Mahal Michael D. Calabria 2021-10-21 The Taj Mahal, built by the Mughal emperor Shah Jahan (1592-1666 CE) as a mausoleum for his wife Mumtaz Mahal (1593-1631 CE), is considered

exceptional in the history of world architecture. This book provides a deeper understanding of the Taj Mahal and its builder by examining its inscriptions within their architectural, historical and biographical contexts. The texts adorning the Taj Mahal comprise verses from twenty-two different chapters of the Qur'an but their meaning and significance escapes most non-Muslim visitors or those unable to read them. This book will be the first dedicated solely to the inscriptions in the monument, providing translations, commentary and interpretation of the texts. As well as offering a unique approach to the study of the building, the book uses the inscriptions to expound the foundational elements of Islam, the faith of Shah Jahan and also what the Taj Mahal still means today.

Tell Me About The Prophet Muhammad (Goodword) Saniyasnain Khan 2014-02-18 The book presents the life of the Prophet Muhammad, upon whom be peace, from his childhood in the desert to his divine mission and early preaching in Makkah. It goes on to describe the hostility of Makkans towards his message, their total boycott of him and his family, the Night Journey to seven heavens and the migration from Makkah to Madinah. In Madinah he was welcomed and lived there for ten years teaching and calling people to the divine truth. His life went through stages of poverty, prosperity, defeat and success. Yet whatever his state

of well-being or hardship, he never once strayed from the path of moderation. At all times, and right till the end, he remained the patient and grateful servant of the Almighty, bringing his message of peace and truth to all mankind.
