Handbook of Communication Skills & English Grammar Arvind Shah 2021-01-02 This book is written with the objective to make English language learning easy for good communication skills. Communication demands adherence to the rules of the language (grammar) and sensitivity to the content, style and presentation. It is therefore, a need that we understand the different aspects of use of correct language to help us to be good communicators. This book has lessons on grammar and communication skills to add efficiency to the expressions of an English language learner. Appropriate chapters of grammar have been written and explained with suitable examples. There are exercises associated with every chapter for practice of grammar and communication skills. There are detailed chapters on oral, visual and written communications to bring forth different aspects of communication for improvement and efficiency. It is author's conviction and firm belief that the students of English will find this book objectively suitable and meaningfully easy for learning English grammar and communication skills.

Communication English Ranjan Barman 2017-02-16 The book is the result of my experiments. I have been researching on the theory how to publish a book that will be helpful in any language to anybody. Since English is the most popular language and most of the people from developing country are afraid in the language. So I have decided to help them. The book is an exercise book and it can be solved from any language to learn English. This book is on the most basic part of English grammar and communication. This is the book that will be helpful for both the students and teachers. Students may need a little help of a teacher or parents. Teacher will get the book helpful to make a student understand English grammar easily. I taught students English grammar five years and discovered some easy rules. With the rules I could make understand little to elder students tense completely. It was not only the tense besides they were able to translate sentences easily into English from their first language. I have experimented those formulas with two other languages and I came to understand that these formulas are workable with very weak students from any language. To understand this book you don't have to be good in English. You just have to catch the easy logics. Remember one thing the full book is an exercise book. It will help you understand how to write and understand sentences correctly with proper use of tense. Someone truly said, "The

more you practice the more you learn."

A COURSE IN ENGLISH COMMUNICATION

MADHAVI APTE 2007-01-21 With the increasing awareness of the importance of English as a global link language and the widespread use of the Internet and the globalization of business and education, the need for learning English effectively is being felt more than ever before. This international awakening has spurred nations like China and Russia that kept away from English in the past to educate their populations in the English language. In India too, there is a renewed interest in learning English for communication. This book takes the most pragmatic and current approach to the

teaching and learning of English which offers learners ready-to-use expressions in their day-to-day communication. The book offers conversations in various social contexts, in formal and informal situations, and lists in an exhaustive way all the expressions used within the particular communicative function. In addition, there are exercises at the end of each unit which provide the learners an opportunity to go through the actual use of those expressions, thereby enhancing their confidence to use English. Designed primarily as a text in communicative or functional English, this book should also be useful to all those who wish to improve their English for socially appropriate communication. KEY FEATURES • Provides learners with ready-to-use and socially appropriate expressions through conversations. • Presents a full range of expressions for choice within the language functions such as requests, suggestions, asking and giving opinions, asking and giving advice, and agreeing and disagreeing. • Offers practice opportunity through exercises at the end of each unit. • Brings communication in English within the reach of all learners through steps like read-practice-develop-use.
