Stage Notes : a Field Guide for Teachers Jodi Simon Stewart 2001

"The StageNOTES creative team, consisting of theater educators, scholars, researchers, and theater professionals, has developed a series of lesson plans that, although inspired by and themed around Jane Eyre, can also accompany class study of other literary, theatrical, or historical works. To assist you in preparing your presentation of each lesson, we have included: an objective; an excerpt from the script from Jane Eyre The Musical; a discussion topic; a writing assignment; and an interactive class activity. A reproducible handout accompanies each lesson unit which contains: an essay question; a creative exercise; and an "after hours activity" that encourages students to interact with family, friends, and the community at large. ... In addition, we have enriched each lesson unit with an overview that features comments from the show's creators and performers, as well as production photographs and design sketches to further connect you with the show's creative artists."--Editor statement.

This series features classic tales retold with color illustrations to introduce literature to struggling readers. Read along as Jane travels to Lowood School and eventually to Thornfield Hall where she meets Mr. Rochester, the only true love she ever knows.

Activities to be used in the classroom to accompany the reading of Jane Eyre by Charlotte Brontë.

Silent Voices Brenda Ayres 2003-04-30 Some of the greatest English novels were written during the Victorian era, and many are still widely read and taught today. But many others written during that period have been neglected by scholars and modern readers alike. A number of these novels were written by women and were popular when published. Moreover, they reveal perspectives of 19th-century British culture not present in canonized works and therefore revise our understanding of Victorian life and attitudes. With the increasing interest in revising Victorian history and gender scholarship, especially through the rediscovery of lost texts written by women, this book is a timely and much needed study. The expert contributors to this volume argue the value of novels by such Victorian women writers as Grace Aguilar, Catherine Crowe, Charlotte Elizabeth Tonna, Annie E. Holdsworth, Ella Hepworth Dixon, Flora Annie Steel, Anne Thackeray, Sarah Grand, Marie Corelli, and others. Most of the chapters address numerous works by a particular writer. Each focuses on different social issues as well, though most of them share an interest in gender politics. Topics discussed include a 19th-century Jewish novelist's navigation through Protestant spirituality, the relationship of noncanonical governess novels to class and gender issues, and forgotten works by women crime writers. Other chapters analyze how women writers impelled social reform and subverted patriarchally defined religious issues.
