**Contemporary Theatre of India** Chaman Ahuja 2012 "The present book seeks to provide a generic introduction to the contemporary theatre scenario in different parts of India. Researched and written over a period of nearly a decade, it adopts an approach that may be best termed as quasi-academic and quasi-journalistic. Primarily, it affords understanding as well as interpretation of the trends, experiments and major works; but, in the process, it takes up serious issues for closer scrutiny.

Nevertheless, the overall tone and tenor continue to be rather informal throughout. the book was born of interaction with both established and uprising exponents of the theatre arts -- playwrights, directors, performers, designers, critics, etc.; but it purposefully eschews critical or technical jargon. Ultimately, what we get is a phenomenal attempt to build a comprehensive as well as a perceptive overview of the complex and ever-growing dynamics of the contemporary theatres of India as practised in various regions, languages, cultures." -- Back cover.

*Food and Theatre on the World Stage* Dorothy Chansky 2015-06-12

Putting food and theatre into direct conversation, this volume focuses on how food and theatre have operated for centuries as partners in the performative, symbolic, and literary making of meaning. Through case studies, literary analyses, and performance critiques, contributors examine theatrical work from China, Japan, India, Greece, Italy, France, Germany, England, the United States, Chile, Argentina, and Zimbabwe, addressing work from classical, popular, and contemporary theatre practices. The investigation of uses of food across media and artistic genres is a burgeoning area of scholarly investigation, yet regarding representation and symbolism, literature and film have received more attention than theatre, while performance studies scholars have taken the lead in examining the performative aspects of food events. This collection looks across dramatic genres, historical periods, and cultural contexts, and at food in all of its socio-political, material complexity to examine the particular problems and potentials of invoking and using food in live theatre. The volume considers food as a transhistorical, global phenomenon across theatre genres, addressing the explosion of food studies at the end of the twentieth century that has shown how food is a crucial aspect of cultural identity.

*Independent India* Hiranmay Karlekar 1998 This volume, published in association with the Indian Council for Cultural Relations (ICCR), is a commemorative work on the occasion of the fiftieth anniversary year of India's independence. It presents a comprehensive picture of the developments in different aspects of national life over the past half century.

Sivasankari 2024-05-23 'Knit India Through Literature...' is a mega literary project, first of its kind in Indian literature, is the result of the penance-yagna done for 16 years by Sivasankari, noted Tamil writer. 'Knit India Through Literature' has involved intense sourcing, research and translation of literature from 18 Indian languages. The project she says aims to introduce Indians to other Indians through literature and culture and help knit them together. The interviews of stalwart writers from all 18 languages approved by the eighth schedule of Indian Constitution, accompanied by a creative work of the respective writer are published with her travelogues of different regions, along with an indepth article by a scholar on the cultural and literary heritage of each of the language, in four volumes - South, East, West and North respectively.
