Marks of Excellence Per Mollerup 1999-03-18 This groundbreaking tome embodies a rigorous exploration of the trademark: its history, development, style, classification and relevance in today's world. The book includes extensive discussion of its origins in heraldry, monograms, owner's marks and certificates of origins, and also contains a comprehensive taxonomy of trademarks and an alphabetical index of trademark themes. An invaluable reference tool for design students and graphic designers, this book is packed with nearly 600 illustrations of both rare and instantly recognizable trademarks, logos, signs, advertisements, and the images that inspired them. A monumental volume with respect to the sphere of graphic design, this book is just as absorbing for anyone interested in any aspect of visual communication.

Life on an Emotional High Therapy 2007-05-24 I describe this as my book of stimulation in poetry, with experiences of my life for both men and woman to enjoy. In this book I am divulging myself through poetry in a way different from others. Stretching your imagination of what you think poetry is while expressing myself on many different levels. At the same time I'll be giving you a hint at my experiences in conversations and thoughts with others. Just me riding the roller coaster of life screaming and hollering waving my hands and having a good time with writing. All of this while giving you secrets written in my poetry to leave you guessing and wondering, is this about her, her life, her relationships in love, life and marriage? Who was that about? Just making you wonder. So many thoughts in my writing that it will make you wonder about me, wonder about you and your life. All of my writings are from my heart to my pen, with a modest amount of modification and a minuscule amount of proofreading, limited enough to keep my writings as real as possible. In writing straight from your pen it's never perfect and sending my book to be professionally proofread I thought would make my thoughts too unreal, too commercial; take some of my personality or zest out of my book. I wanted my writings to be as if someone was really speaking through writing. Even if my grammar was terrible, it would be the real me. The corrections I have done are straight from spell check from my laptop giggle, now we all know how that could be, but I did it anyway. I've exposed me and my thoughts in a way that has allowed me to sky rocket to another level, to another me. I've extended to you Theology, THE STUDY OF THEA, Thea and the life experiences she has surrounded herself in, along with the joys of living to learn what life really was about and not the just the pretty picture we all want and or pretend it is. My painting of life is an explosion of time, painted in yellows and reds. Colors of laughter and smiles that are to abundant to count. Colors that allow me to stand in the wings of life and spilling it out to you in expression, thoughts and short stores of which will allow you to think twice about your life experiences and enjoy every single moment that god has extended to you. Now what I am asking for from each one of you while reading my book is to enjoy my book with an open mind. Don't tear it down too much but read what I have to say and live in the joy of my development of it. Let me explain briefly some of the chapters in this book. Chapter one is about loves hurts, joys and change that we all can relate to. In reading you will get a picture of what love and life is about, a picture of the happiness, the sadness, the ups and downs and the just plain sick and tired of love. My poetry will express this in every way I could imagine. Poetry of love so deep you will need a shovel to recover from it, because it pulls you in and makes you shake your head to say I've been there. In this chapter there is a poem written in the form of a short story called, An Un-produced Movie of Romance. It is a screen play rewind; yes that's how I am going to describe it. It's the perfect story for the question, where is this love going? Chapter two, well I've devoted this to the men, its my own unique message for them. My way of saying you are spectacular, even when we don't tell you,

you shine. I speak in this chapter as if I am one of the boys. I've removed that I am woman hear me roar attitude, and I've learned that I couldn't roar without them as loud as I can now. In this chapter I play with 2 words I've created, do-luscious and flow. Read it you'll see what I mean, nothing but fun thoughts. My other favorite poem is The Struggle; it has a part one and a part two. Some of the woman who read these 2 poems may find objection to what I have written. But I had to say what I thought a man would say or wanted to say. The Struggle, was written
