*The Twice-Damned Prince* Brian Cortijo

2010-03-23 The city of Westcrown is perched on the edge of chaos, its nobility cowering and the city guard in turmoil as the Council of Thieves, now in the control of ambitious and dangerous new leaders, makes its bid for control. News of the disorder in the city has reached the Chelish capital city, and an armed force is said to be gathering to come down to bring order -- if the player characters can't defeat the Council of Thieves and restore order before the Chelish General and his troops arrive, riots will be the least of their problems. Of course, more than mere thieves work for the age-old Council -- for undead and devils and worse stand between the heroes of Westcrown and a brighter future. A

Pathfinder Roleplaying Game adventure for character levels 12-14. With support articles, five new monsters in the Pathfinder Bestiary, and the final installment of best-selling author Dave Gross' Pathfinder Journal fiction, this volume ends the Council of Thieves Adventure Path with a bang

*Pathfinder Roleplaying Game: Pathfinder*

*Unchained* Jason Bulmahn 2015-05-12 Break your chains! The Pathfinder RPG contains numerous rules considered sacred by players and GMs alike. Since the system itself was based upon RPG "technology" already more than 10 years old at the time of its creation, "backwards compatibility" often meant sticking with the familiar, even if tradition was filled with cobwebs and decades-old assumptions. *Pathfinder Unchained* dares to take a fresh look at the system itself, altering some of the fundamentals of the game and giving fresh optional takes on classic rules. Inside this hardcover collection of alternate rules and

options you'll find completely redesigned versions of the barbarian, monk, rogue, and summoner classes. Delve into a new system for resolving player actions designed to speed play and dispel confusion. Many of the new systems (such as the revised classes) work seamlessly with the existing Pathfinder rules. Even the most staunchly traditionalist player will appreciate the book's math-lite system for on-the-fly monster creation and the new system for generating dynamic magic items that go far beyond a simple +1 to add lore and interest to the campaign. Players will love the book's new resource pool for martial characters, allowing for exciting new tactical options, as well as the robust new system that allows spellcasters to modify their spells with powerful spell components.

The Inferno Gate Patrick Renie 2016-05-17 The Thrice-Damned House of Thrune wants to seal the Inferno Gate, an uncontrolled portal to Hell, and the nefarious player characters are tapped

to accomplish the task. To perform the required ritual, they must acquire key components held by a hellspawn thieves' guild and the Hellknight Order of the Pike, as well as battle angelic foes and the knights of the Glorious Reclamation. But before they can complete the ritual, the characters face betrayal at the hands of one of their closest allies. Will the villains defeat this traitor in their midst and close the gate to Hell-- or better yet, make a deal with a devil for control of the portal--or will they become sacrifices to the Inferno Gate? "The Inferno Gate" is a Pathfinder Roleplaying Game adventure for 7th-level characters. The adventure continues the Hell's Vengeance Adventure Path, a wide-ranging campaign in which evil player characters quell a rebellion to restore order to a wicked empire. Several new monsters, an exploration of extraplanar portals and gates, details of the faith of the archdevil Moloch, and the next installment of the Pathfinder's Journal round out this volume of the Pathfinder

Each monthly full-color softcover Pathfinder Adventure Path volume contains an in-depth adventure scenario, stats for several new monsters, and support articles meant to give Game Masters additional material to expand their campaign.
