The Covid Bounce Sue Binder, LPC
2021-12-24 Healing from a life-changing crisis can be an incredible struggle, and recovering from a globally traumatic event like the Covid-19 pandemic might seem nearly insurmountable. But in truth, each person holds the power to internalize new life lessons and emerge from the pandemic stronger than before. This book provides the knowledge and tools for looking inward, assessing

personal transitions spurred by the coronavirus and paving the way for a brighter post-pandemic life. Written by a behavioral therapist, this book is divided into three sections that address different psychological responses to Covid-19. Sections provide insights on mindfulness, journaling, communication skills, support systems and the importance of rituals and routines. An emphasis is placed on managing both physical and mental health and navigating pitfalls that can impact personal progress. A special section on the pandemic's effect on children and adolescents explores how caregivers can manage their own emotional responses. Finally, the book concludes with a straightforward recovery process that will provide renewal and purpose in the face of life's uncertainties.

birthday party filled with Latine traditions in this Step 2 Reader that includes over a dozen Spanish words or phrases! It's my cousin's birthday! She's turning fifteen and it's tradition to have a big party called a Quinceañera! We all wear pretty dresses (my cousin's is the prettiest!) and eat lots of yummy food and treats. We also give the birthday girl lots of presents, and there are special dances, too! This beautiful party is so much fun for everyone in the family! Step 2 Readers use basic vocabulary and short sentences to tell simple stories, for children who recognize familiar words and can sound out new words with help.
