The Colour Of Magic Terry Pratchett

2008-12-26 A paperback edition with the original cover art of the classic fantasy novel by Terry Pratchett, the first book in the Wizards series, part of the Discworld novels. NAMED AS ONE OF THE BBC'S 100 MOST INSPIRING NOVELS 'If you've never read a Discworld novel, what's the matter with you?' Guardian 'The best fantasy writer ever' 5-star reader review 'It was octarine, the colour of magic. It was alive and glowing and vibrant and it was the undisputed pigment of the imagination . . .' Somewhere between thought and reality exists the Discworld, a magical world not totally unlike our own. Except for the fact that it travels through space on the shoulders of four giant elephants who in turn stand on the shell of an

astronomically huge star turtle, of course. Rincewind is the world's worst wizard who has just been handed a very important job: to look after the world's first tourist, upon whose survival rests the peace and prosperity of the land. Unfortunately, their journey across the Disc includes facing robbers, monsters, mercenaries, and Death himself. And the whole thing's just a game of the gods that might send them over the edge . . . The Colour of Magic is the first book in the Wizards series, but you can read the Discworld novels in any order. Praise for the Discworld series: '[Pratchett's] spectacular inventiveness makes the Discworld series one of the perennial joys of modern fiction' Mail on Sunday 'Pratchett is a master storyteller' Guardian 'One of our greatest fantasists, and beyond a doubt the funniest'

George R.R. Martin 'One of those rare writers who appeals to everyone' Daily Express 'One of the most consistently funny writers around' Ben Aaronovitch 'Masterful and brilliant' Fantasy & Science Fiction 'Pratchett uses his other world to hold up a distorting mirror to our own... he is a satirist of enormous talent ... incredibly funny ... compulsively readable' The Times 'The best humorous English author since P.G. Wodehouse' The Sunday Telegraph 'Nothing short of magical' Chicago Tribune 'Consistently funny, consistently clever and consistently surprising in its twists and turns' SFX '[Discworld is] compulsively readable, fantastically inventive, surprisingly serious exploration in story form of just about any aspect of our world...There's never been anything quite like it' Evening Standard **Cover may vary**

The Discworld is flat, and rides through space on the backs of Berilia, Tubul, Great P'Thon and Jerakeen, the four elephants who stand in turn on the back of Great A'Tuin, the giant turtle. And this is where it all starts, with the naïve tourist Twoflower and his incompetent and cynical guide, the wizard Rincewind, forced to flee from the proud and pestilent twin city of Ankh-Morpork. When they meet the barbarian thieves Bravd and Weasel, things that are already bad turn inevitably to the worst . . . This is the second of Terry Pratchett's Discworld movies for

SKY ONE, made by the team who brought THE HOGFATHER to you and featuring The Discworld Players, an ensemble cast including Sir David Jason as Rincewind.

1990-04-01 On a world supported on the back of a giant turtle (sex unknown), a gleeful, explosive, wickedly eccentric expedition sets out. 2012-07-09 'His spectacular inventiveness makes the Discworld series one of the perennial joys of modern fiction' Mail on Sunday NAMED AS ONE OF THE BBC'S 100 MOST INSPIRING NOVELS The Discworld is very much like our own - if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . .

_____ In the beginning there was...a turtle. Somewhere on the frontier between thought and reality exists the Discworld, a parallel time and place which might sound and smell very much like our own, but which looks completely different. Particularly as it's carried though space on the back of a giant turtle (sex unknown). It plays by different rules. But then, some things are the same everywhere. The Disc's very existence is about to be threatened by a strange new blight: the world's first tourist, upon whose survival rests the peace and prosperity of the land. Unfortunately, the person charged with maintaining that survival in the face of robbers, mercenaries and, well, Death, is a spectacularly inept wizard...

The Discworld Graphic Novels Terry Pratchett 2008-06-03 In a distant and second-hand set of dimensions, in an astral plane that was never meant to fly . . . Imagine a flat world, sitting on the backs of four elephants who hurtle through space balanced on a giant turtle. The Discworld is a place (and a time) parallel to our own—but also very different. That is the setting for Terry Pratchett's phenomenally successful Discworld series, which now celebrates its twenty-fifth anniversary. *The Discworld Graphic Novels* presents the very first two volumes of this much-loved series in graphic novel form. First published fifteen years ago, these fully illustrated versions are now issued for the first time in hardback. Introduced here are the bizarre misadventures of Twoflower, the Discworld's first ever tourist, and possibly—portentously—its last, and his guide Rincewind, the spectacularly inept wizard. Not

to mention the Luggage, which has a mind of its own.

Terry Pratchett 2011-11-01 “A master of laugh-out-loud fiction . . . Pratchett has created an alternate universe full of trolls, dwarfs, wizards, and other fantasy elements, and he uses that universe to reflect our own culture with entertaining and gloriously funny results. . . . Nothing short of magical.” —Chicago Tribune In this first novel in the internationally bestselling

Discworld series from legendary New York Times bestselling author Sir Terry Pratchett (and the first in the Wizards collection), the fate of the Discworld depends on the survival of a naïve—and first-ever—sightseer. A writer of brilliant imagination favorably compared to Mark Twain, Kurt Vonnegut, and Douglas Adams, Sir Terry Pratchett created a complex, satirical universe with its own set of cultures and rules, populated with wizards, witches, academics, fairies, policemen, and other creatures both fantastical and remarkably ordinary (including Death himself). Welcome to the Discworld . . . a parallel time and place that sounds very much like our own, but looks completely different—because it’s a flat world sitting on the backs of four elephants who hurtle through space balanced on a giant turtle. In this, the maiden voyage through Terry Pratchett’s ingeniously twisted alternate dimension, the well-meaning but spectacularly inept wizard Rincewind encounters something previously

unknown in the Discworld: a tourist! Twoflower has arrived to take in the sights. Unfortunately, he's cast his lot with a most inappropriate tour guide—a decision that could result in his becoming not only Discworld's first visitor . . . but quite possibly, its last. And, of course, he's brought Luggage along, a companion with feet—and a mind—of its own. And teeth. . . . The Discworld novels can be read in any order, but the Wizards collection includes: The Color of Magic The Light Fantastic Sourcery Eric Interesting Times The Last Continent Unseen Academicals
