Dazzling Women Designers Jill Bryant 2010-10-04 The work of women designers touches every part of our lives. In the 1920s British furniture designer and architect Eileen Gray developed ideas for homes that still seem modern today. From chairs made of steel tubes to bare-basic rooms, she created an entirely new look. American Suzanne E. Vanderbilt was one of the first women to design cars for General Motors. Designer of cities Jane Jacobs caused controversy in the 1960s with her campaign against a New York expressway that revolutionized the way we understand urban life. And designer Ritu Kumar, known as Óthe grand woman of Indian fashion,Ó is celebrated for bringing the beautiful tradition of embroidery to modern clothes. The other designers profiled in this inspiring collection are landscape architect Cornelia Hahn Oberlander, roboticist Cynthia Breazeal, costume designer Eiko Ishioka, interior designer Aissa Dione, fashion designer Vera Wang, and architect Zaha Hadid.

The Postmodern Arts Nigel Wheale 1995 The Postmodern Arts provides essential material and invaluable guidance for students of modern literature and culture.

A Century of Graphic Design Jeremy Aynsley 2001 The twentieth century was a landmark era in graphic design, the art that combines words with graphic images on posters, book and magazine covers, record jackets, billboards, and other print advertising and publicity media. This visually magnificent and factually informative volume tells the story of graphic design, then gives separate illustrated thumbnail biographies of more than 100 of the most influential and internationally known designers of the past 100 years. From the century's early decades we find artists' profiles and reproductions from the studios of Peter Behrens, Alexander Rodchenko, the Bauhaus, Laszlo Moholy-Nagy, a sampling of Art Deco, and much more. Examples of Mid-Century Modern include Lester Beall, Yusaku Kamekura, and jazz record covers from various sources. The Pop and Alternative Art eras gave us psychedelic graphics, militant socialist posters from Cuba, and the dramatic typographic designs of Herb Lubalin. Design in the Digital Era has included work by David Carson, Javier Mariscal, Eiko Ishioka, and many others. All illustrations are perfectly reproduced on high quality paper. The text was written by Jeremy Aynsley, an internationally recognized authority in the art of graphic design. Approximately 450 brilliant full-color photos and illustrations.
