The Gods Must Be Crazy! Tiger
Rider 2022-02-15 It's halftime
America! Ay Yi Yai Yi! We are
in the middle of The New
World Order! Empires rise,
decline, and fall. History has
witnessed this cycle with the
Romans, the Ottomans, and the
British. They have all toppled,
and if we are not careful, the
US will be the next. Many of
today's enterprises are a
gaggle of debt-addicted
extreme financial engineering
frogs floundering in tepid

snake oil. Unfortunately, many
will find their demise in the
clutches of IP vultures. If we
don't play our trump cards
right, the next voracious
Empire - the Middle Kingdom
of China - will consume us;
sending their errand boys to
collect bills from the US and
over a hundred other countries
that it has economically and
digitally colonized since the
Economic Tsunami of 2008,
through "Belt and Road
Initiative" (BRI) to its "Digital
Silk Road" (DSR). "Make
Enterprise Great Again" digs
into the foundations of
capitalism and traces the
ideals, triumphs and zeitgeist
of the Roosevelt years in order
to "Build Back Better" - and to
save us from the impending
Fourth Reich. Yeah! It's
halftime, America!

Arundhati Roy's The God of
Small Things Alex Tickell

2007-05-07 On publication

Arundhati Roy's first novel *The God of Small Things* (1997) rapidly became an international bestseller, winning the Booker Prize and creating a new space for Indian literature and culture within the arts, even as it courted controversy and divided critical opinion. This guide to Roy's ground-breaking novel offers: an accessible introduction to the text and contexts of *The God of Small Things* a critical history, surveying the many interpretations of the text from publication to the present a selection of new essays and reprinted critical essays by Padmini Mongia, Aijaz Ahmad, Brinda Bose, Anna Clarke, Émilienne Baneth-Nouailhetas and Alex Tickell on *The God of Small Things*, providing a range of perspectives on the novel and extending the coverage of key critical approaches identified in the survey section cross-references between sections of the guide, in order to suggest links between texts, contexts and criticism suggestions for further reading. Part of the

Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of *The God of Small Things* and seeking not only a guide to the novel, but a way through the wealth of contextual and critical material that surrounds Roy's text.

The Methuen Drama Dictionary of the Theatre

Jonathan Law 2013-10-28 With over 2500 entries from across the international spectrum, the Dictionary of the Theatre is an essential reference tool for anyone interested in the theatre and theatre-going. *Women in Asian Performance* Arya Madhavan 2017-02-10 *Women in Asian Performance* offers a vital re-assessment of women's contributions to Asian performance traditions, focusing for the first time on their specific historical, cultural and performative contexts. Arya Madhavan brings together leading scholars from across the globe to make an exciting intervention into current debates around femininity and female representation on stage. This collection looks afresh at the often centuries-old aesthetic theories and acting conventions that have informed ideas of gender in Asian performance. It is divided into

three parts: erasure - the history of the presence and absence of female bodies on Asian stages; intervention - the politics of female intervention into patriarchal performance genres; reconstruction - the strategies and methods adopted by women in redefining their performance practice. Establishing a radical, culturally specific approach to addressing female performance-making, *Women in Asian Performance* is a must-read for scholars and students across Asian Studies and Performance Studies.

A Cultural History of Modern

India Som Prakash Sharma

1991 Presents a brief account of Indian culture in the nineteenth century. The work reveals an inner consistency by examining the entire cultural tradition in the light of the two fundamental principles that have shaped India's destiny throughout her long history: unity in the midst of diversity, and continuity at the heart of change. The author has shown the simultaneous working of these two basic features in all the important areas of Indian culture in the nineteenth century' philosophical and religious thought, literature, and the arts.
