**The Emperor's Table** Salma Husain 2008 The Mughals gave India her greatest architectural monuments. They also transformed the country's cooking by intermingling Middle Eastern cuisine with Indian spices and ingredients to produce some of the most exquisite Mughlai food. This book not only traces the history of the Mughal emperors vis-à-vis their fondness for food and contribution to the growth of recipes, but is an engaging read on the role of each ruler's personal likes and dislikes as well as how this has shaped the course of food habits in India. **The Emperor's Table: The Art of Mughal Cuisine** is the first book of its kind offering the readers not only a mouth-watering selection of dishes ranging from soups and breads to exotic meat dishes, but also showcasing the splendour of the

Mughal table through miniature paintings. The recipes have been selected from the original Persian manuscripts and books. They are lucidly explained and easy to follow. However, the recipes selected have been modified to an extent to suit the modern times. Some of the spices not available then have been included to make the dishes tastier. **The Emperor's Table: The Art of Mughal Cuisine** revives the aroma and flavour of the royal days gone by and encourages us to enjoy their whiff once again!

**Indian Journal of Secularism** 2000  
Subalterns and Raj Crispin Bates 2013-09-16  
Subalterns and Raj presents a unique introductory history of India with an account that begins before the period of British rule, and pursues the continuities within that history up to the present day. Its coverage ranges from

Mughal India to post-independence Pakistan, Bangladesh and Sri Lanka, with a focus on the 'ordinary' people of India and South Asia. Subalterns and Raj examines overlooked issues in Indian social history and highlights controversies between historians. Taking an iconoclastic approach to the elites of South Asia since independence, it is critical of the colonial regime that went before them. This book is a stimulating and controversial read and, with a detailed guide to further reading and end-of-chapter bibliographies, it is an excellent guide for all students of the Indian subcontinent.

informative and practical guideThe Mughal Feast is a delightful transcreation of the original handwritten Persian recipe book Nuskha-e-Shahjahani from the Mughal emperor Shah Jahan's time. A culinary journey into the Mughal imperial kitchen, where food was cooked with just the right amount of spices to enhance the base flavors of the dishes, this book is divided into seven sections and includes a plethora of recipes, ranging from the familiar shami kabab and baqlawa to the more exotic amba pulao (tangy mango lamb rice) and indersa (sweet, deep-fried rice-flour balls). The book also provides helpful tips for cooking, including methods to clean fish and soften bones, throwing light on the creativity of the Mughal cooks. An informative introduction offers an intriguing glimpse into the royal lifestyle of one of India's greatest empires. This book effortlessly recaptures the nostalgia of Mughal times while remaining a practical guide for the modern reader.

**Cuisine and Empire** Rachel Laudan 2015-04-03  
Rachel Laudan tells the remarkable story of the rise and fall of the world's great cuisines—from the mastery of grain cooking some twenty thousand years ago, to the present—in this superbly researched book. Probing beneath the apparent confusion of dozens of cuisines to reveal the underlying simplicity of the culinary family tree, she shows how periodic seismic shifts in “culinary philosophy”—beliefs about health, the economy, politics, society and the gods—prompted the construction of new cuisines, a handful of which, chosen as the cuisines of empires, came to dominate the globe. *Cuisine and Empire* shows how merchants, missionaries, and the military took cuisines over mountains, oceans, deserts, and across political frontiers. Laudan's innovative narrative treats cuisine, like language, clothing, or architecture, as something constructed by humans. By emphasizing how cooking turns farm products into food and by taking the globe rather than the

nation as the stage, she challenges the agrarian, romantic, and nationalistic myths that underlie the contemporary food movement.

**Alwan-E-Nemat** Salma Husain 2024-10-30 That the Mughals were fond of the good life is well known, especially their penchant for exquisite food and divine drinks. But what was the food in

the imperial kitchen actually like? This book offers some answers. Alwan-e-Nemat (Colours of the Table), the sixteenth-century Persian manuscript offers a rare taste and glimpse into Mughal Emperor Jehangir and queen Nur Jehan's kitchen. Meticulously calligraphed on 155 pages of cream-coloured paper with a painted blue margin, it is possibly the first book in the world to be devoted entirely to recipes and methods of processing and serving food. It is also the only manuscript that highlights the unique contribution of Empress Nur Jehan. Originally in Persian, this manuscript has been translated into English for the first time opening the doors to a treasure trove of unique recipes and culinary techniques that were authentically Mughal. From the Naan-e-Khamaaj Khasa, bread made in traditional style to the Qalya Naranj, deep fried tangerines in spicy lamb curry to the Gulgula Khasa, Deep fried dumplings floated in sugar syrup, this book has nearly 120 original mughal recipes along with detailed cooking

techniques and helpful hints making it a rare collectible.

*Mrs LC's Table* Anoothi Vishal 2016-09-25 A lively exploration of the Kayasth foodscape

through an intimate portrait of a family's - and a community's - social mores. Known as much for the lavishness of its dining table spreads as for its intellectual and cultural capital, the Kayasth community, spread across many parts of India, has a unique history that has over centuries influenced its amazingly varied 'fusion' cuisine. In Mrs LC's Table, Anoothi Vishal presents a rich account of the world of the Kayasths and its famed khatirdari, or generous hospitality, through her memories of her imperious grandmother - Mrs LC to the world. Vivid vignettes of feasts and fasts, pedigreed matrimonial alliances and the pressures to be just as accomplished in music as in gastronomy come together with delectable descriptions of ingredients, culinary techniques and recipes in this sumptuous narrative. As Vishal recounts the fascinating history behind signature Kayasth dishes - dals turned artfully into subzi and snacks, mock-meat delicacies made of the most innocuous ingredients, slow-cooked meat dishes,

pulaos, tahiris, kebabs and pasande, tangy pickles and delicious desserts - what emerges is the story of the incredible adaptability and inventiveness of a community given to easy assimilation of a variety of influences.
