Developing Creative Content for Games Greg Johnson 2019-02-15

This book provides readers with a solid understanding of game development, design, narrative, characterization, plot, back story and world creation elements that are crucial for game writers and designers as they create a detailed world setting, adventure, characters, narrative and plot suitable for possible publication. Game design and development issues such as writing for games, emergent complexity, risk reward systems, competitive and cooperative game play will be investigated, analyzed and critiqued. Examples will be used to highlight and explain the various concepts involved and how the game development process works.

The Planet of the Apes RPG ANSA Sourcebook Andrew E.C. Gaska 2026-02-17 An encyclopedic sourcebook for the classic Planet of the Apes franchise for use to expand the adventures in the official role-playing game! Bring the cinematic thrills and shocking twists of the five original Planet of the Apes movies to your tabletop game. Now you can interact with the apes and humans that have come directly from the silver screen—Caesar, Taylor, Zira, Hasslein, and, of course, Dr. Zaius—every iconic character is gamified for campaign use with biographies and statistics. This sourcebook showcases a detailed chronology of the distinctly different timeline that arose out of choices made by both human and ape alike. The ANSA Files are filled with reference resources of the larger-than-life personalities, weapons, and settings from the classic films and novelizations—The Planet of the Apes, Beneath the Planet of the Apes, Escape from the Planet of the Apes, Conquest of the Planet of the Apes, and Battle of the Planet of Apes—plus linking material from the novels Conspiracy of the Planet of the Apes and Death of the Planet of the Apes! With more than five times the adventure in one place, this sourcebook lets you experience the span of the POTA universe like never before . . .
