**The End of the Age** John Hagee 2021-12-07 If you knew sudden destruction would fall upon the earth in the next twenty-four hours, how would you spend your last moments? Join New York Times bestselling author John Hagee as he uses Scripture as a guide to count down the prophetic minutes through the events which must occur before every individual faces God on Judgment Day. Charting international news events, including recent peace agreements in the Middle East, Hagee synchronizes these headlines with the biblical timeline for the last days, producing

a compelling argument that life on Earth is about to expire. What else must take place before the arrival of Judgment Day? This very timely message discusses: The reality of virtual terrorism The financial crisis and economic crash Opposing views of the Rapture Recent peace agreements in the Middle East that impact Israel and a potential Russian invasion Nuclear wars The purpose of the Tribulation and the Millennium Significantly updated and revised from its previous publication under the title From Daniel to Doomsday, this is quintessential Hagee on Bible prophecy and End-Times teaching. This insightful book is an ideal resource for Christians who are looking for a guide to what the Bible says about the end times--and how to recognize that they are approaching. Mark it down: The End of the Age is approaching, but it won't be ushered in by space aliens or catastrophic asteroids. Hagee guides us through the timeline before that fateful moment when every unredeemed

individual must face God on Judgment Day. *Willmington's Bible Handbook* Harold L. Willmington 1997 Packed full of exciting Bible facts and information, Willmington's Bible Handbook is a must for any student of the Scriptures. Preaching John F. MacArthur 2005-08-21 Many sermons preached today lack the divine knowledge and spiritual understanding available only through dynamic expository preaching. In *Preaching: How to Preach Biblically*, John MacArthur'' well-known passion for the Bible

combines with the expertise of faculty members at The Master's Seminary to inspire and equip preachers in effective biblical preaching. *Preaching: How to Preach Biblically* flows from biblical foundations for expository preaching through a detailed process of developing expositions and creating sermons to the actual delivery of expository messages, connecting what pastors learn in seminary with the sermons preached in a local church. This volume shows how to progress purposefully from one phase to the next in preparing to minister to God's people through preaching. This book answers these questions and more: What is expository, biblical preaching? What are the theological and historical foundations for insisting on expository preaching? What are the steps involved in preparation for and participation in biblical preaching? What models exist for expository preaching today? The Master's Seminary faculty, with over thirty years' experience in preaching and seminary training of preachers, contributes

a treasury of expertise alongside insights from expositor John MacArthur. While united on their commitment to exposition, the variety of individual expressions and methodological preferences discussed offers beneficial assistance for any preacher seeking a higher level of expository excellence.

**The Remarkable Record of Job** Dr. Henry M. Morris 2000-04-01 Far from being an engaging fable, the account of Job in the bible is one of the most historically and scientifically accurate records of the ancient world. Perhaps the oldest book in the Bible, the book of Job touches on many subjects of science and history. This commentary on the controversial Book of Job is very different from most of the seminary and church teachings so prevalent today, for it attests to the historicity of a man named Job who understood at the end of his life that God cannot be figured out, but He can most certainly be trusted.
