**A Modern Army Reserve for a Multi-Domain**

**World** Lewis G. Irwin 2019-11-04 "This monograph identifies challenges and opportunities in today's US Army Reserve. Since its inception in 1908, the Army Reserve has made important, diverse, and cost-effective contributions to the Army and the Joint Force and has shown the ability to adapt in profound ways to meet emerging requirements. In the context of emerging requirements driven by the 2018 National Defense Strategy, the Army is developing its thinking on multi-domain operations and evolving complex threats in the strategic and operational environments. To meet these emerging, complex challenges, the Army Reserve must adapt again. Accordingly, the

monograph offers an honest and direct assessment of the modern Army Reserve's structural realities, institutional limitations, and untapped potential, while proposing a series of 'quick wins,' 'heavy lifts,' and 'deep' reforms aimed at adapting the institution to meet our nation's twenty-first century needs" -- Publisher's web site.

*Encyclopedia of Women and Gender, Two-Volume Set* Judith Worell 2001-09-13 Covers the psychology of women, the psychology of men, and gender differences while discussing psychological differences in personality, cognition, and behavior, as well as biologically based differences and how those differences impact behavior.
