Reading, writing, and arithmetic are the fundamentals of education. The fundamentals of something are its simplest, most important elements, ideas, or principles, in contrast to more complicated or detailed ones. One way to enable speed is by distilling complex decisions down to the fundamentals, framing them in simple terms and committing to a decision quickly. The fundamentals include modularity, anticipation of change, generality and an incremental approach. Bedrock is literally a hard, solid layer of rock underlying the upper strata of soil or other rock. Thus, by extension, it is any foundation or basis.
