The Quest for Mature Masculinity Taylor Ellwood 2024-09-10 In the Quest for Mature Masculinity, Taylor Ellwood asks the question, "What does it mean to be a man?" and takes readers on a quest to find the answer. Taylor shares his own ongoing journey to answer this question, while also drawing on spiritual, embodied and primal aspects of the masculine to share how men can move out of the toxic patterns of macho masculinity or nice guy syndrome toward an embodied and present masculinity. Traditional and patriarchal systems of masculinity have taught men to push their emotions down, while putting on a front that everything is fine, but its not fooling anyone, and its leaving men behind and alone. Taylor shares why we need to deconstruct the traditional narratives of masculinity, and in the process step into embodied awareness and leadership and spiritual connection with ourselves and the people around us. In this book you will learn: To define your own relationship with your inner masculine from a conscious and embodied perspective. To explore how ancestral family patterns have contributed to the masculine experience and why these patterns need to be dissolved. How to recognize and undo Toxic masculine patterns of behavior. How to develop a self-love practice that enables you to validate and empower yourself. This book shows men how they can help create a safer, and better world by working on themselves, connecting with other men, and showing up for the important relationships in their lives with a fully present awareness of themselves. The goal of this book is to help men unlock their hearts, be honest about their desires and fears, and in the process find meaningful purpose that contributes to the world.

Closeness Engineering. Lanfranco Colella 2026-02-13 We monitor our daily steps, analyze our finances with spreadsheets, and design quarterly strategies for our professional careers. However, when it comes to the most critical decision of our existence—choosing with whom to share it—we leave it to pure chance. And why? Because love "just happens," it "will appear when you least expect it," and applying logic to romance is a calculated act of coldness that kills the magic. The central premise of this work is that human relationships are complex systems. And like any system, they have rules, points of failure, performance metrics, and optimization protocols. So, if you can manage a project, you can manage your love life. If you can analyze data, you can predict your compatibility. If you can build, you can love. 1) You will learn to conduct an audit of your emotional availability before entering the dating scene. 2) You will design an implementation strategy (i.e., a funnel) to generate and filter opportunities without wasting time. 3) And, for the first time, you'll learn to measure results with real KPIs that will tell you if you're building something solid or just decorating a structure about to collapse. Romance doesn't die when you understand it; it becomes sustainable. Stop waiting to be chosen. Stop waiting to get lucky. Welcome to engineering your own happiness.

Rideshares, Wrecks, and Sex: Confessions of a Convicted Uber Driver Joe F. N. Schmo 2018-12-27 Everyone knows Uber drivers are expected to be courteous and attentive, both to their passengers and to those on the road. They are not expected to accept that invitation to the swinger party, flee the scene of a fatal accident, nor are they expected to be a convicted felon on probation. Unfortunately, this Joe Schmo is not your everyday Uber driver. I began sharing rides with the audacious hope to one day escape the road blocks stalling my merger onto the freeway of creative success. But when a typical shift U-turns into a series of detours involving herpes ridden riders, sexy sorority sisters, and blundering bank robbers, I arrive (at gunpoint) miles from my desired destination. "Rideshares, Wrecks, and Sex: Confessions of a Convicted Uber Driver" is based upon actual events that transpired over the year that I covertly drove for Uber while on probation. I confesses outlandish details in a highlight reel of wrecks (both car and train) and sex, effectively answering "What's your craziest story?"

Bullyocracy Donald Jeffries 2020-01-03 Bestselling author Donald Jeffries turns his critical eye onto the topic of bullying to show how teachers, principals, and other school officials invariably side with the bullies in the most egregious cases, instead of protecting the victims. He also shows how many so-called anti-bullying activists and nearly all the professional "experts" excuse bullying and in fact laud sociopathic behavior in general. As Jeffries demonstrates, this curious phenomenon is due to the power and influence of the social hierarchy, and it revolves to a great extent around the enduring popularity of sports. Jeffries talked to parents who'd battled a system that logically should have been working for them, some of whom lost a child to bullycide, the term for children who kill themselves over bullying. His investigation into what has become one of the most talked about issues in America is as explosive and controversial as anything he has written.

Résumé Louise Auclair 2018-08-27 Résumé - Models - Attract Women Through Honesty de Mark Manson Comment séduire aisément une femme tout en restant soi-même. Depuis les origines de l'humanité, les hommes ont successivement assumé deux rôles auprès des femmes : celui de protecteur puissant et celui de pourvoyeur. Ces rôles sont aujourd'hui dépassés, et beaucoup d'hommes peinent à trouver un nouveau modèle. Selon Mark Manson, il se situe pourtant au fond d'eux. La séduction n'est pas une affaire de répliques ou de techniques, elle passe avant tout par des émotions. Or les hommes ne sont pas habitués à écouter et encore moins à communiquer sur leurs émotions. Ils doivent apprendre à le faire pour gagner en assurance, devenir réellement attirants et trouver un épanouissement dans leur vie amoureuse et sexuelle.

It's the most mature and honest guide on how a man can attract women without faking behavior, without lying and without emulating others. A game-changer. Inside, you'll learn: The root behavior that causes all female attraction. Why typical dating advice and pick up theory is counter-productive in the long-run. How to overcome nervousness and anxiety around attractive women. How any man can make himself appear attractive with a little time and effort. The three keys to keeping conversations with women interesting and engaging. How to discover the beliefs and attitudes that are sabotaging your success with women. How to develop a genuine and joyful sense of humor. And much more... "I want to tell you that you're probably one of the few people who really got "it" figured out. I'm only half-way through your book, and it's unbelievable how everything is making so much sense to me. Everytime I read something in your book I can relate it to some encounter I had with a girl, I now understand why I succeeded at times and failed at another. Especially the part about vulnerability. Even if I did not read the rest of the book, I already got what I paid for. Thank you Mark." - Yousif "I just finished your book today, "Models," and wanted to tell you that your presentation of the subject is far to superior to anything else I've read. I've been involved with seduction since 2006 and I've consumed a lot dating products. Many try to make their readers into "pickup artists" - today I gag at the term. But you don't do that. I like how spend so much time in the book reinforcing the fact that we are good human beings at our core and it's a matter of presenting ourselves honestly, without apology to everyone we encounter. And you give the reader the tools to strip away all the disguises that other seduction gurus have said we need to wear at all times. Thanks. Can't wait to meet women today with these new eyes." - Robert
