____ Years have passed since the love between Sephy - a Cross - and Callum - a Nought - destroyed their world and changed their families and society forever. Society appears to be very different now. For the first time ever, a Nought Prime Minister - Tobey Durbridge - is in power. Race and class don't divide people anymore. But things are never really that easy. Because Tobey's just been framed for murder, and the only way to free himself is to turn to his oldest friend - Callie-Rose. Their families divisions run deep, and when two young people are kidnapped, their lives and everything they've fought for are put in the firing line. And when you're playing a game as dangerous as this one, it won't be long before someone gets caught in the crossfire... Crossfire is the

long-awaited new novel in legendary author Malorie Blackman's ground-breaking Noughts & Crosses series. Sephy is a Cross: she lives a life of privilege and power. But she's lonely, and burns with injustice at the world she sees around her. Callum is a nought: he's considered to be less than nothing - a blanker, there to serve Crosses - but he dreams of a better life. They've been friends since they were children, and they both know that's as far as it can ever go. Noughts and Crosses are fated to be bitter enemies - love is out of the question. Then - in spite of a world that is fiercely against them - these star-crossed lovers choose each other. But this is love story that will lead both of them into terrible danger . . . and which will have shocking repercussions for generations to come. It's dark but I keep seeing white flashes before my eyes like spots of lightning jabbing at me. Am I going into shock? Must be. But I can't pass out, not now. Then I'll be dead for sure. Dan is on the run - hiding from a ruthless gang who want him dead. It's one of those nights. One of those nights where I sit alone and watch the world go by. Sixteen years have passed since Sephy Hadley first met Callum McGregor - and the hate that

divided them turned to hope. But the world hasn't changed quickly enough for their daughter, Callie Rose. Growing up dual heritage in a world where bitter prejudice divides Noughts and Crosses has meant she's an outsider wherever she turns. Enter Jude McGregor. But soon Callie is caught in a trap she can't get out of - one which will have deadly consequences. She has her children to protect. It's time that the truth is uncovered. Time for the endgame. It's been 20 years since Malorie Blackman's groundbreaking series began with Noughts & Crosses, which charted the deeply forbidden romance between Sephy (a Cross) and Callum (a nought) - a love affair which had repercussions for their families
