**Making the Most of Small Groups** Debbie

Diller 2023-10-10 Author Debbie Diller turns her attention to small reading groups and the teacher's role in small-group instruction. *Making the Most of Small Groups: Differentiation for All* grapples with difficult questions regarding small-group instruction in elementary classrooms such as: How do I find the time? How can I be more organized? How do I form groups? How can I differentiate to meet the needs of all of my students? Structured around the five essential reading elements - comprehension, fluency, phonemic awareness, phonics, and vocabulary - the book provides practical tips, sample lessons, lesson plans and templates, suggestions for related literacy work stations, and connections to whole-group instruction. In addition to ideas to use immediately in the classroom, Diller provides an overview of relevant research and reflection questions for professional conversations.
