

Complex Analysis Conway Solutions

Find the latest entertainment news and the best in rap music, pop and internet culture, sneakers, style and streetwear, and sports culture. COMPLEX definition: composed of many interconnected parts; compound; composite. See examples of complex used in a sentence. Composed of interconnected parts; formed by a combination of simple things or elements; including two or more connected particulars; composite; not simple: as, a complex being; complex ideas; a ... an intricate or complicated association or assemblage of related things, parts, units, etc.: the entire complex of our educational system; an apartment complex. complex, complicated, intricate, involved, knotty mean having confusingly interrelated parts. complex suggests the unavoidable result of a necessary combining and does not imply a fault or failure.

Complex should be used to say that something consists of several parts rather than that it is difficult to understand, analyse, or deal with, which is what complicated inherently means. COMPLEX definition: 1. involving a lot of different but related parts: 2. difficult to understand or find an answer to.... Learn more.
