Conveniently packaged in two sets of four tapes each, Electrical Wiring Residential Video Series correlates directly with the best-selling Electrical Wiring Residential, 13th Edition text by Ray C. Mullin. These videos set the stage for learning by motivating viewers and heightening their enthusiasm. Shot on various construction sites and enhanced with quality animations, each video is devoted to a specific, specialized topic including: electrical installation planning essentials, GFCIs, special-purpose outlets, and custom installation. In addition to high-quality animations, questions have also been incorporated into each tape at strategic points to promote discussion aimed at enhancing viewers' understanding and preparing them for successful attainment of all learning objectives. Available on VHS cassettes or CD-ROM, the complete set of eight tapes offers viewers a first-rate introduction to the broad spectrum of specialized knowledge essential to the residential electrician. Each tape is approximately 20 minutes in length, making it easy to incorporate the Electrical Wiring - Residential Video Series into a comprehensive electrician education and training program.

**Electrical Wiring** Ray C Mullin 2015-08-19 Electrical Wiring:

Residential, Seventh Canadian Edition, will prove a valuable resource to

instructors and students alike. It includes 2015 Canadian Electrical Code, Part I references and wiring techniques. Each chapter is a complete lesson ending with review questions to summarize the material covered. The chapters are sequenced to introduce the student to basic principles and wiring practices, and progress to more advanced areas of residential electrical wiring. The text guides students through the working drawings for a residential electrical installation, the proper wiring of receptacles, and the minimum required number of lighting and power branch circuits. Key topics include: calculating conductor sizes, calculating voltage drop, sizing services, connecting electrical appliances, grounding and bonding equipment, and installing recessed fixtures. These are critical skills that can make the difference between an installation that meets code and one that is exceptional.
