PRINCE2 Study Guide David Hinde

2018-05-08 Everything you need to pass the PRINCE2 with flying colors The PRINCE2 Study Guide, Second Edition, offers comprehensive preparation for the latest PRINCE2 exam.

Covering 100 percent of the exam objectives, this guide provides invaluable guidance that will help you master both the material and its applications; indeed, a practice-centered approach helps you “learn by doing” to help you internalize PRINCE2 concepts on a deeper level. Although the exam is heavily focused on detailed business process, this guide’s accessible writing and real-world approach make learning fun. Each chapter poses a common project challenge,

and walks you through the solution based on essential PRINCE2 principles. A year of FREE access to electronic study aids allows you to study anywhere, at any time, and expert instruction throughout breaks complex topics down into easily-digestible concepts. The PRINCE2 exam is challenging, but thorough preparation is your best defense. Conceptual knowledge is important, but it isn’t enough—knowledge is only useful if you can apply it. This book is designed as your personal PRINCE2 coach: Master 100 percent of the PRINCE2 exam objectives Apply your knowledge to real-world workplace scenarios Test your understanding with challenging review questions Access sample questions, electronic flashcards, and other study aids PRINCE2 is globally recognized as one of the premier project

management credentials; while less expansive than the PMP, the PRINCE2 is more intense and tightly focused on detailed business processes. Companies around the world are in need of qualified project management professionals to optimize processes and boost organizational performance—and the PRINCE2 certification puts you on the map as a validated professional. If you're ready to take on your next challenge, the PRINCE2 Study Guide, Second Edition, is your ultimate companion for complete preparation.

Project Management Based on PRINCE2®

2009 edition Hans Fredriksz 2012-06-01 For trainers free additional material of this book is available. This can be found under the "Training Material" tab. Log in with your trainer account to access the material. Note: This book is available in several languages: English, Dutch. An increasing number of companies are working in a project-like manner, using the PRINCE2 project management method. The advantages of a standard method are great: a uniform method of working and terminology makes projects comparable, transferable and orderly. Moreover, PRINCE2 has additional qualities, such as the standard no go/go decision with each stage, the Business Case at the centre of the project and clear agreements about who is responsible for what. The book gives a faithful representation of the 2009 Edition of the PRINCE2 methodology, with many lists serving as reference material for all project types and sizes. Furthermore, as the content of the book covers all specs for the PRINCE2 Foundation

exams, it can serve as a good basis for the PRINCE2 Foundation exams. The three authors of this title have successfully combined their tremendous experience and made this available in a structured manner to those who are involved in controlling, designing or managing projects. And whatever they missed was added by a team of expert reviewers. The content for this book is also intended for everyone doing projects in real world, it covers more than the minimum reference that is necessary for the Foundation exam. Therefore it is also very useful as a solid starting point for anyone studying for the PRINCE2 Practitioner exam. Available in English and Dutch.

It also provides detailed explanations for each question and official reference links. Dedicate your effort to mastering these PRINCE2 7 Foundation exam questions, as they offer up-to-date information on the entire exam syllabus. This book is

strategically crafted to not only assess your knowledge and skills but also to boost your confidence for the real exam. With a focus on thorough preparation, passing the official PRINCE2 7 Foundation Exam on your first attempt becomes achievable through diligent study of these valuable resources. The PRINCE2 7 Foundation qualification is designed for project managers and those aiming to become project managers. It is also beneficial for other essential personnel engaged in project design, development, and delivery, such as: project board members (e.g., senior responsible owners), team managers (e.g., product delivery managers), project assurance (e.g., business change analysts), project support (e.g., Project and Programme Office personnel), and operational line managers/staff. Exam Overview: Exam duration: 60 minutes Examinees who are not native speakers or do not use the exam's language as their primary language may receive an additional 25% of the standard exam time,

totaling 75 minutes. There are 60 questions, each valued at 1 mark, and there is no penalty for incorrect answers. To pass the exam, you need to answer 36 questions correctly, which is 60% of the total marks. Question types include Standard, Missing Word, List, and Negative. All questions are in multiple-choice format. Standard questions present a question with four answer options. Negative questions are standard questions with negatively worded stems. Missing Word questions feature a sentence with a missing word, and you must select the correct word from four options. List questions present a list of four statements, and you must choose the two correct statements. The PRINCE2 7 Foundation examination will consist of five (5) sections with the following structure: 1. Understand key concepts relating to projects and PRINCE2: 3% 2. Understand how the PRINCE2 principles underpin the PRINCE2 method: 8% 3. Understand the importance of people in successful projects: 14% 4.

Understand the PRINCE2 practices and how they are applied throughout the project: 60% 5. Understand the PRINCE2 processes and how they are carried out throughout the project: 15% Welcome!

Prince2 Jason Dion 2018-07-22 In this book, you will receive a crash course that will introduce you to everything you need to know in order to pass the PRINCE2® Foundation certification exam. This book covers just the essentials with no fluff, filler, or extra material, so you can learn the material quickly and conquer the certification exam with ease. This book assumes that you have no previous experience with the PRINCE2® methodology and will teach you the bare minimum you need to know in order to take and pass the PRINCE2® Foundation certification exam on your first attempt. This book will NOT teach you everything you need to know to be efficient or effective in implementing the PRINCE2® methodology in your organization, but it will make you familiar with

all the principles, themes, and processes that PRINCE2® uses during successful projects. After all, this text is designed to get you to pass the certification exam, not to make you an expert in PRINCE2®. Due to the design of this text, we will move at a very quick pace through the material. If you read this entire book and take the practice exams located at the end of the text (scoring at least an 85% or higher), you will be ready to take and pass the PRINCE2® Foundation exam on your first attempt! This book also includes free access to our PRINCE2® Foundation: Cram to Pass video course (a \$19.99 value) when you register your copy at our website (DionTraining.com). Dion Training is an Authorized Training Organization (ATO) for the ITIL Foundations exam. Discount exam vouchers are available through our website for students.
