Conflict Management and Intercultural

Communication Xiaodong Dai 2017-02-21 In the globally interconnected world, conflicts often arise as a result of tensions between different cultural perceptions and diverse social preferences. Effectively managing conflicts and harmonizing intercultural relationships are essential tasks of intercultural communication research. This book seeks to find effective intercultural conflict management solutions by bringing together a group of leading international scholars from different disciplines to tackle the problem. Consisting of two parts, this book covers major theoretical perspectives of conflict management and harmony development in the first and conflict management and harmony development in different cultural contexts in the second. Integrating the latest work on conflict management and intercultural harmony, *Conflict Management and Intercultural Communication* takes an interdisciplinary approach, adopts diverse perspectives, and provides for a wide range of discussions. It will serve as a useful resource for teachers, researchers, students and professionals alike.

Psychological Portraits of Adolescents Carol J. Eagle 1994 This approach will assist clinical psychologists working with adolescents to better understand the psychological testing of adolescents and the data found in psychological reports. The authors use an ego psychological model reduced to four functional dimensions:

cognition, dynamics, defenses, and affect. The relationship between these different areas of functioning and the test data are detailed, so the reader can appreciate how the diagnostic profile is determined by the data.
