English-Tigrinya-Amharic Dictionary Woldu T Debessai 2021-10-25 This trilingual book has 8,000 word entries with transliteration. It is a vocabulary powerhouse, with the 5,000 most commonly used English words (written and/or spoken), plus a combined total of 3,000 Tigrinya and Amharic word entries. In order to help with phonetic pronunciation, English words are written in Geez scripts (ሀ), while Tigrinya and Amharic word meanings are Romanized. Thus, it is a great reference book for ESL/ELL students to use for standardized testing. It is equipped with a concise yet informative introduction of the Tigrinya and Amharic languages. Both Tigrinya and Amharic are Semitic (Afro-Asiatic) languages derived from an ancient Ethiopian language, Geez; moreover, both languages share the same unique Geez alphabet, albeit with some pronunciation differences. Both languages are written from left to right. The quantity and uniqueness of the letters in the alphabet might be intimidating at the beginning, but there are some easy patterns that enable learning them faster. Once you have mastered the alphabet, it is rare to misspell words of Tigrinya or Amharic. Tigrinya and Amharic are official languages in Eritrea and Ethiopia respectively; Tigrinya is spoken in both countries. The total population who speak the two languages in the two countries, including those who speak them as a second language, is estimated to be about 55 million people.

Amharic-English/ English-Amharic Student Dictionary Girum Asanke 2019-01-15 This comprehensive bilingual student dictionary includes 26,000 Word-to-Word dictionary entries, and is approved for ESL/ELL students to use for standardized testing. Amharic is the official working language of Ethiopia, with approximately 30 million speakers. The language has been used in courts, trade and everyday

communications, within the military, and in the Ethiopian Orthodox Tewahedo Church since the 13th century. Amharic is the second most widely spoken Semitic language in the world after Arabic. Unlike Arabic, however, Amharic is written left-to-right and uses a distinct script called Ge'ez script. The two-way format makes it useful for both English and Amharic speakers. Ethiopian ELL students can look up the meaning of English words they don't recognize, and also translate their thoughts and writing in Amharic to English.
