Balanced Scorecard Strategy For Dummies Charles Hannabarger 2011-02-09 A practical, easy-to-understand guide to Balanced Scorecard for busy business leaders The Balanced Scorecard method is an analysis technique designed to translate an organization's mission and vision statement and overall business strategies into specific, quantifiable goals, and to monitor the organization's performance in achieving these goals. Much less technology driven than other analysis approaches, it analyzes an organization's overall performance in four regards: financial analysis, customer service, productivity and internal analysis, and employee growth and satisfaction. Balanced Scorecard Strategy For Dummies breaks down the basics of Balanced Scorecard in simple language with practical, Dummies-style guidance on getting it done.
