Mathematics with Business Applications, Student Edition McGraw-Hill

Education 2006-01-03 Glencoe Math with Business Applications is a comprehensive text that covers all the skills students need to manage their personal finances and excel at their first jobs and in everyday life.

Math with Business Applications is a three-part program that takes students from basic math concepts to sophisticated financial strategies. Basic Math Skills reviews the fundamental math operations, Personal Finance teaches money management skills, and Business Math provides a thorough primer on launching and running a business. Math with Business Applications contains lessons, workshops, features and activities that comprise a well-rounded program. Cumulative Test Prep prepares students to take the Mathematics with Business Applications tests with more success. Math Studio: A Creative Lab features seven hands-on group projects that develop students' reading, writing, communications, and math skills. Practicing Life Skills Lab provides a hands-on approach to applying math in the real world. Living in the Real World takes a single story and weaves it throughout each section of a chapter.
