The African Origin of Modern Judaism José V. Malcioln 1996 This book has a two-fold purpose; to demonstrate to Black and White Hebrews and Jews their undeniable kinship and to encourage a better relationship among Israelites through understanding of that kinship. In this seminal work, Dr. Malcioln attempts to answer the fundamental question of the relationship between Africa and the Hebrews or Jews. This historical study will show the contributions made before and after certain periods of Jewish dispersion from Africa.

Raised Wrong, Educated Worse Richard Clay 2005 The most insightful and provocative book that has been written about young Black males since Kunjufu's 1985 classic. It examines many of the current social trends that are turning our sons against school and influencing their overall behavior. If you are raising, educating, or working with young Black males, this book is a 'must read'!

FROM RAGS TO RESOLVE; AND FROM REVOLUTION TO REPARATIONS! Marvin A. Smith 2025-08-19 My grandparents, parents,

aunts and uncles had the most unfortunate experience to come along during the terror of "Jim Crow"! Life for them was such that they had absolutely no reason to be optimistic, hopeful, confident, expectant, encouraging, visionary or enthusiastic about their future. One must keep in mind that this was just 75 years after the American Civil War and the "Black Codes", 63 years after Reconstruction ended, and the introduction of "Jim Crow" laws that enforced racial segregation in the Southern United States. These "Jim Crow" laws were enacted by white Democratic dominated state legislatures throughout the South. This was a time when white people in the South were "Democrats"! We, African-Americans, must understand this political reality of names demonstrates that these major or minor political parties by any other names are comprised of so-called white people, racists, persistently manipulating the system to retain white supremacy or white power whether they were called Democrats (DemoKKKrats), or Republicans (RepubliKKKlans)! They were all so-called white people; they were all "domestic terrorists" working in tandem in efforts to preserve, maintain the status quo and advance white supremacy, under the banner of states' rights! The so-called white people came to a strategy to compensate the indigenous people, the Native Americans, for the multitude of atrocities committed against them; but have never adequately compensated the Native Americans! They designed a strategy to compensate the Japanese for the World Wars II internment camps that the Japanese Americans were illegally and unconstitutionally assigned and restricted to. The Japanese were never adequately compensated either! The German government found an acceptable policy to allow the Jews to be compensated for the brutal atrocities of Hitler and his Nazi regime, but the Nazis compensation certainly didn't bring back the 6,000,000 people killed! However, the atrocities against us, African-Americans, were most egregious and we should have received compensation through Reparations a long time ago!

You so-called white people will not get away from paying us, African-Americans, the Reparations you owe us, never! It is time for an African-American Revolution!

From Africa To America To The World Khanye Tsebo 2018-03-17 This book is about the history of Many African's from Africa, the Americas to the entire world. Even the spirituality that has been demonized for many years.

Flight into Egypt: Black Artists and Ancient Egypt 1876-Now Akili Tommasino 2024-11-11 From the late nineteenth century onward, Black Americans looked to ancient Egypt as evidence of a preeminent ancient culture from the African continent. Flight into Egypt traces ancient Egypt's influence on artists, from Edmonia Lewis's sculpture The Death of Cleopatra (1876) to the efflorescence of Afrocentric visual art during the Harlem Renaissance, the Black Arts Movement of the 1960s and 1970s, and artistic tendencies of the ensuing decades. This volume explores how Black artists, writers, and musicians—and modern and contemporary Egyptian artists—have employed ancient Egyptian imagery to craft a unifying identity. Authors bring to light the overlooked contributions of Black scholars to the study of ancient Egypt, while statements by contemporary Black and Egyptian artists illuminate ancient Egypt's continued hold on the creative imagination.

Multiethnic Coalition Building in Los Angeles Eui-Young Yu 1995 *Strangers in the Land* Eric J. Sundquist 2009-07-01 In a culture deeply divided along ethnic lines, the idea that the relationship between blacks and Jews was once thought special—indeed, critical to the cause of civil rights—might seem strange. Yet the importance of blacks for Jews and Jews for blacks in conceiving of themselves as Americans, when both remained outsiders to the privileges of full citizenship, is a matter of voluminous but perplexing record. It is this record, written across the

annals of American history and literature, culture and society, that Eric Sundquist investigates. A monumental work of literary criticism and cultural history, *Strangers in the Land* draws upon politics, sociology, law, religion, and popular culture to illuminate a vital, highly conflicted interethnic partnership over the course of a century. Sundquist explores how reactions to several interlocking issues—the biblical Exodus, the Holocaust, Zionism, and the state of Israel—became critical to black-Jewish relations. He charts volatile debates over social justice and liberalism, anti-Semitism and racism, through extended analyses of fiction by Bernard Malamud, Paule Marshall, Harper Lee, and William Melvin Kelley, as well as the juxtaposition of authors such as Saul Bellow and John A. Williams, Lori Segal and Anna Deavere Smith, Julius Lester and Philip Roth. Engaging a wide range of thinkers and writers on race, civil rights, the Holocaust, slavery, and related topics, and cutting across disciplines to set works of literature in historical context, *Strangers in the Land* offers an encyclopedic account of questions central to modern American culture.

Racial Paranoi John L. Jr. Jackson 2010-10-19 In this courageous book, John L. Jackson, Jr. draws on current events as well as everyday interactions to demonstrate the culture of race-based paranoia and its profound effects on our lives. He explains how it is cultivated and reinforced, and how it complicates the goal of racial equality. In this paperback edition, Jackson explores the 2008 presidential election, weaving in examples ranging from the notorious New Yorker cover to Saturday Night Lives political parodies.

The Isis (Yssis) Papers Frances Cress Welsing 2004 "During the course of the struggle of African people against European racism, brutality and domination, many innovative thinkers have risen from our ranks. The greatest and most courageous scholars have devoted their lives to the pursuit of an explanation for the virtually inherent animosity most white people appear to have toward people of color. Unlike her predecessors, Dr. Frances Cress Welsing, a brilliant, Washington D.C. psychiatrist has rejected conventional notions about the origin and perpetuation of

racism. Dr. Welsing's theories, lectures and scientific papers have provoked controversy for over twenty years. Now the compilation of her work in [this book] is destined to change the course of history."--Page 4 of cover.

The Interpretation of Difference James Frieze 2002

Destructive Impulses Albert James Williams-Myers 1995 White violence in America is a hidden issue in race relations that must be addressed before the racial impasse between black and white can be transcended. This innovative book cites the failure to raise this issue of white violence in the race relations debate as the cause of the omnipresent gap in the search for a resolution to the race problem. Serving also as an historical essay that looks at white violence in America in its overt and secretive forms, this book suggests that allowing history to teach us how to avoid the mistakes of the past will make bridging the racial abyss more probable. Contents: Introduction; In Search of a Theoretical Basis for White Violence Against Blacks: Finding Windows of Opportunity; Crucible of American Violence: Historical Perception; White Violence: The Sealing of a Partnership in a Cultural Community of Whiteness; White Violence: The Leveling Force in Race Relations; Destructively Common: Racial Radicalism and the Era of Separate But Equal; Images: The Ritual of Lynching; Johnny's March Home: A Violent Perception in the Inter-War Years; Destructive Impulses: Circumventing Brown v. Board of Education; Black Violence: A Mirror Image of its Creator; Seeds of Destruction: The White Backlash and an Attack on Affirmative Action; Past, Present, Future: The State of Race Relations; Notes.
