

Process Mining Springer

To process food or raw materials is to prepare, change, or treat them as part of an industrial operation. Management recognizes it is important to get the process right even if it means delaying the project ... Process, procedure, proceeding apply to something that goes on or takes place. A process is a series of progressive and interdependent steps by which an end is attained: a chemical process. The meaning of PROCESS is a series of actions that produce something or that lead to a particular result. How to use process in a sentence. Definition of process¹ noun in Oxford Advanced Learner's Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more. A process is a series of things which happen naturally and result in a biological or chemical change. It occurs in

elderly men, apparently as part of the ageing process. The regularity with which this occurs ... A process is a procedure, something you do in order to achieve a certain result. Some people try to carefully follow all the steps in a process. Other people just wing it. To process food or raw materials is to prepare, change, or treat them as part of an industrial operation. Management recognizes it is important to get the process right even if it means delaying the project ... The Office of the Secretary of the Commonwealth's Service of Process Department will then serve notice of pending litigation to the defendant via certified mail. Requests for service may be submitted either ... Process, procedure, proceeding apply to something that goes on or takes place. A process is a series of progressive and interdependent steps by which

an end is attained: a chemical process. If you are in the process of doing something, you are doing something that takes a certain amount of time to do. I am in the process of buying a new car/house.
