The Latin Hit Maker Rudy Pérez 2019-07-23 For the first time, music legend Rudy Pérez shares his remarkable journey from a poor refugee kid in Miami to composing the greatest hit songs on the world stage. Named the most successful Latin songwriter in history, Rudy Pérez is the creator behind some of the bestselling records of Beyoncé, Julio Iglesias, Christina Aguilera, and IL Divo. In his one-of-a-kind memoir, Rudy tells about his childhood in Cuba and the heart-gripping visits to his father in prison during the height of the communist revolution. Tracing his family's perilous escape on one of the last Freedom Flights to America, Rudy opens up about the years of poverty and growing up in a crime-ridden neighborhood. These memories contrast with tender moments of dancing to the stereo with his siblings, nodding along to his mother's classical favorites, and swaying to blues melodies with his father. At a young age, Rudy tried his hand at recreating the music he loved, and his talent led him to an unprecedented career with over 300 hit songs. With years of hard work, ceaseless creativity, and a strong faith, Rudy was the

first Latin music artist to win Billboard Producer of the Decade. Looking back over his five-time Grammy winning legacy, Rudy shares little-known stories of faith and behind-the-scenes details of working with stars like Fergie, Jaci Velasquez, Michael Bolton, Simon Cowell, and Sam Moore. A must-read for every music lover, *The Latin Hit Maker* is a genuine rags-to-riches story filled with inspiration, fascinating details, and a powerful reminder of God's grace and transforming creativity.

ILife '04 in a Snap Jinjer L. Simon 2004 These days, nobody really wants to "learn" everything there is to know about working with digital video, images, music, and DVDs. And even if you did, who has the time to endlessly tinker and play with it until you figure everything out? You just want a book that will quickly "show" you how to get things "done" A things that aren't already covered in the docs, and things you can't just

figure out on your own. "iLife in a Snap" is designed specifically for today's computer user: Somebody who is new to managing digital media with iLife, but "not" new to Macs. Somebody who doesn't have time for long-winded, mind-numbing explanations and certainly no time or patience for bad jokes. Organized into a series of well-organized, bite-sized, quickly accomplished tasks, this book lets the reader zero right in on the one particular task he or she wants to accomplish, quickly figure out what to do, do it, and then get back to work.
