The Bedford Introduction to
Literature Michael Meyer 2008
The Bedford Introduction to
Literature responds to the
teaching and learning needs of
all kinds of literature
classrooms and composition
courses where literature is a
focus. Author Michael Meyer
understands that a particular
challenge for instructors is that
students do not necessarily see
literature as relevant to their
lives. They may be new to the
study of literature, may have
difficulty reading it, and may

lack confidence in their critical
abilities and writing skills. With
these factors in mind, Meyer
has put together a lively
collection of stories, poems,
and plays from many periods,
cultures, and themes, with
voices ranging from the
traditional to the latest and
hottest contemporary authors.
As an experienced anthologist
and instructor of literature,
Meyer has a knack for choosing
enticing selections including
humorous works and readings
from popular culture that
students both enjoy and
respond to. Complementing
this unparalleled collection are
proven editorial features that
offer students real help with
reading, appreciating, and
writing about literature. The
Bedford Introduction to
Literature is a book designed
to bring literature to life and to
make students life-long
readers. - Publisher.

The Compact Bedford Introduction to Literature

Michael Meyer 2019-11-04

The Compact Bedford Introduction to Literature is a bestseller for

a reason: It brings literature to life for students, helping to

make them lifelong readers, better writers, and more

critical thinkers in any path they choose. Classic works

drawn from many periods and cultures appear alongside a

strong showing from today's authors. There is plenty of

support for students, with critical reading and writing

support, helpful sample close

readings, writing assignments,

and student papers in up-to-date MLA style. And, because

everyone teaches and learns differently, there are many

options for working with the literature, including case

studies on individual works and themes that everyone can

relate to. In-depth chapters on

major authors including

Flannery O'Connor and

Nathaniel Hawthorne take students deeper into their

work, and three chapters on

the fiction of Dagoberto Gilb and the poetry of Billy Collins

and Julia Alvarez—created in

collaboration with the authors

themselves—are one more way that the anthology showcases

literature as a living, changing art form.
