It provides a deeper exploration of the subjects to help you understand the principles behind the formulas and concepts. Questions in the Exemplar cover all the key topics from the NCERT textbook and encourage students to think critically about the application of each concept.
- Variety of Question Formats:** The Exemplar includes different types of questions to cater to various levels of understanding and help students strengthen all aspects of chemistry:
  - Objective Questions:** These may include multiple-choice, true/false, and matching-type questions.
  - Short Answer Questions:** Questions that test conceptual understanding and application.
  - Long Answer Questions:** Detailed questions that require explanation and a step-by-step approach.
  - Numerical Problems:** Especially for topics like chemical kinetics, electrochemistry, and thermodynamics, where calculations are involved.
  - Case-Based and Application-Oriented Questions:** These encourage higher-order thinking and test your ability to apply the learned concepts in practical situations.
- Chapter-Wise Organization:** The Exemplar book is structured according to the chapters in the NCERT Chemistry Class 12 textbook. It covers every important topic, including: Solid State, Solutions, and Surface Chemistry

Electrochemistry and Chemical Kinetics Surface Chemistry and Polymers Coordination Compounds and Bio-molecules Aromatic Compounds and Organic Synthesis Environmental Chemistry This allows students to practice problems directly related to what they've studied, reinforcing their understanding of each chapter.

- Detailed Solutions:** The Exemplar includes step-by-step solutions for every question, which explain the thought process and methods used to solve problems. This not only helps you check your answers but also teaches you how to approach different types of questions effectively, making it easier to learn from mistakes and improve your problem-solving skills.
- Helps with Application and Higher Order Thinking:** The book contains questions designed to challenge your ability to apply concepts to solve problems.
