*English and Students with Limited or Interrupted Formal Education* Luis Javier Pentón Herrera 2022-02-25 This book examines students with limited or interrupted education (SLIFE) in the context of English learners and teacher preparation courses from a cultural and social lens. The book is divided into five parts. Part I frames the conversation and contributions in this edited volume; Part II provides an overview of SLIFE, Part III focuses on teacher preparation programs, Part IV discusses the challenges faced by SLIFE in K-12 learning environments and Part V examines SLIFE in adult learning environments. This book is unique in that it offers practical instructional tools to educators, thus helping to bridge theory and practice. Moreover, it retains a special focus on K-12 and adult SLIFE and has an inclusive and international perspective, which includes a novel theoretical framework to support the mental, emotional, and instructional needs of LGBTQ+ refugee students. The book is of interest to teacher educators, in-service and pre-service teachers, English literacy educators, graduate students, tutors, facilitators, instructors, and administrators working in organizations serving SLIFE in K-12 and adult learning environments. *Ngl Experience 1 Student Book: Aziz Abu Sarah* CENGAGE Learning 2020-04

**Emergency Remote Teaching and Beyond** Julian Chen 2022-02-01 This timely volume addresses issues pertaining to language teaching, learning and research during the pandemic. In times of a global emergency, the aftermath of emergency remote teaching (ERT) cannot be ignored. The question of how language educators and researchers unleash creativity and employ strategies vis-à-vis ERT still remains to be answered. With practitioners in mind, it covers a broad spectrum of educational settings across continents, target languages and methodologies. Specifically, it reveals viable ways of utilizing digital technologies to bypass social distancing while highlighting the pitfalls and challenges associated with crisis teaching and research.

This volume comprises two parts: Teacher Voice vicariously transports readers to practitioners' compelling stories of how teacher resilience, identity and professional development are crystallized in adaptive pedagogy, online teaching practicum, virtual study programs and communities of practice during ERT. The second part, Researcher Corner, showcases innovative approaches for both novice and seasoned researchers to upskill their toolkits, ranging from case study research and mixed methods designs, to auto- and virtual ethnography and social media research. The array of food for thought provides a positive outlook and inspires us to rethink our current practices and future directions in the post-COVID world. Regardless of their backgrounds and experiences, readers will be able to relate to this accessible volume that harmonizes research and practice, and speaks from the hearts of all the contributors. *Strategies for Teaching English Language, Literature, and Content* Mary Lou McCloskey 2017-12-13

**Intercultural Communication. New Perspectives from ELF** Enrico Grazi

2016-05-01 La comunicazione interculturale è il filo rosso che attraversa quasi tutti i contributi di questo volume. Negli ultimi venti anni tale nozione è stata esplorata e, più recentemente, rivisitata in una prospettiva ELF in diverse aree di ricerca come, ad esempio, la comunicazione strategica d'affari, la consapevolezza interculturale, l'insegnamento delle lingue, la formazione docenti, i discorsi socioculturali, così come gli stessi studi interculturali. Scopo di questo libro è fornire ai lettori una selezione di articoli recenti e stimolanti, nonché contribuire alla fiorente crescita di pubblicazioni su ELF. Il libro è diviso in tre parti, che coprono tre temi principali: 1) ELF, insegnamento delle lingue e la formazione dei docenti; 2) La comunicazione in contesti migratori e plurilingui; atteggiamenti e interazioni; 3) ELF nel mondo degli affari e in quello universitario. Il volume contiene ventiquattro capitoli scritti da studiosi e ricercatori che hanno partecipato al Convegno Internazionale ELF6, svoltosi a Roma presso l'Università Roma Tre nel 2013. I contributi si fondano sulle presentazioni da loro fatte in occasione di tale convegno. DOI:
