## **Compendio de derecho penal económico**

José Hurtado Pozo 2015-09-02 En este libro se presentan datos estadísticos sobre la delincuencia económica y sus relaciones con el crimen organizado y la corrupción, así como sobre las reacciones nacionales e internacionales frente a estas graves formas de delincuencia. Además, describe el contexto constitucional que delimita sus ámbitos, funciones, características y vinculaciones con el derecho penal administrativo y el derecho penal fiscal, tomando en cuenta el desarrollo y la influencia de las empresas en la vida económica y política. Estudio que analiza el contexto social, histórico y económico en el que se desarrollan los delitos económicos y las regulaciones para reprimir a los responsables. El libro presenta también los problemas doctrinarios que surgen en la aplicación del derecho penal común a los diversos aspectos del derecho penal económico. Para ello, considera tanto el respeto del principio de legalidad como las principales cuestiones referidas a la teoría del delito y la participación delictuosa, poniendo especial atención al análisis y discusión de la atribución de responsabilidad penal a las personas jurídicas y a las empresas. Se trata de un material de gran utilidad tanto para estudiantes de derecho como para cualquiera que busque ampliar sus conocimientos en el área del derecho penal económico. Con este objeto, además del estudio de diversas cuestiones teóricas y de los casos que se describen en los anexos, se presentan regulaciones jurídicas extranjeras que son analizadas bajo la perspectiva del derecho comparado.

### **El parricidio** Ivan P. Guevara Vasquez

2023-12-08 "Luego de varios años de publicada la primera edición de esta obra. Mas en ese periodo de tiempo se ha dado una importante

modificación del artículo 107 del Código Penal peruano que, a manera de una segunda reforma, ha extraído el feminicidio de los ámbitos del parricidio típico para trasladarlo al artículo 108-B del referido texto penal sustantivo, por lo que se detecta una frontera genéricamente delimitada entre ambos delitos. Conscientes que la supresión de la figura autónoma del parricidio en ciertos textos penales codificados no ha eliminado —ni podrá hacerlo— los hechos mismos de parricidio es que se ha optado por actualizar la obra y dirigirla hacia la Patria Grande, debido a la semejanza típica entre las figuras de parricidio y la semejanza social entre los países de la región latinoamericana. El tratamiento integral de la obra, al incluir una óptica de dogmática jurídico penal, criminología y psiquiatría forense, se encuentra plenamente justificado por la trascendencia e importancia práctica del parricidio, tratando de ir, bajo la égida del derecho, más allá de ese "clima o atmósfera rara o extraña" que se detecta en cierta medida en el mismo". Iván Pedro Guevara Vásquez.

Marcos Galvan Ramos 2023-12-06 "El lector tiene en sus manos una obra nada habitual y felicito a su autor, porque este libro está caracterizado por el dominio de la técnica de investigación, la exhaustiva utilización de la biblio-grafía que el autor ha logrado conseguir con mucho esfuerzo y, sobre todo, por la aportación de una tesis valiente sobre el fundamento y la realidad de la culpabilidad. Estas distinciones marcan la importancia de este libro que se incorpora ahora al acervo del Derecho Penal. Ojalá la política criminal latinoamericana, claramente sobredimensionada en la actualidad por las ideas de la seguridad ciudadana, sea capaz de reflexionar y se aproveche de contribuciones como la presente obra".

*Normativismo e imputación jurídico-penal* José Antonio Caro John 2023-11-29 "El presente libro aborda diversos temas fundamentales del Derecho penal desde una perspectiva normativa basada en el funcionalismo jurídico-penal. La línea directriz del enfoque del autor retoma de alguna forma el plan normativista trazado por los penalistas hegelianos de la primera mitad del S. XIX, que concibieron la imputación como la atribución de un significado de antinormatividad de un hecho, e igualmente se entronca con las líneas básicas de un pensamiento socio-normativo del primer WELZEL, de los años treinta del Siglo XX, momento en el que de manera magistral llevó a un compás el Derecho penal y la Sociedad con su famosa teoría de la adecuación social, para finalmente redondear la argumentación con la sustancia de una dogmática funcionalista desarrollada por Günther JAKOBS de una forma admirable en los últimos treinta años. Temas como la imputación objetiva y subjetiva, la prohibición de regreso, los delitos de infracción de deber, el Derecho penal del enemigo, el deber de solidaridad mínima, el delito tributario, la combinación de leyes penales, la pena de muerte, entre otros más, son abordados funcionalmente a partir del criterio del rol social o del ámbito de competencias como herramienta central para el análisis de la relevancia penal de la conducta del autor. Por esta razón este libro se convierte en un material de inexcusable referencia para comprender la aplicación del sistema penal funcionalista a la solución de los casos prácticos de la vida real".

Convention on the Prevention and Punishment of the Crime of Genocide, Christian Tams

2014-12-01 The 1948 UN Convention on the Prevention and Punishment of the Crime of Genocide (Genocide Convention) has a special standing in international law and international politics. For 60 years, the crime of genocide has been recognised as the most horrendous crime in international law, famously designated the 'crime of crimes'. On the occasion of the 60th anniversary of its adoption the UN High Commissioner for Human Rights stated that 'genocide is the ultimate form of discrimination'. In the same context the chief prosecutor of the International Criminal Court described the Genocide Convention as a 'visionary and founding text for the Court'. The Convention has as such influenced the subsequent development of many different areas of international law. For example, the 1951 Advisory Opinion on the Genocide Convention enabled the International Court of Justice to shape the modern regime of reservations to treaties. More recently, the prohibition against genocide has become a crucial pillar of the regime of international criminal law developing since the 1990s, with genocide being one of the core crimes falling under the jurisdiction of the UN ad hoc tribunals, the Extraordinary Chambers in the Courts of Cambodia and the permanent International Criminal Court. In this work the 19 provisions of the Convention are analysed article-by-article, with abundant references to state practice and case law.
