Giddens's Concepts for Canadian Nursing Practice - E-Book Debra (Debbie) Sheppard-LeMoine 2025-09-25 Learn the core concepts of Canadian nursing care and how to apply them to the clinical setting! Giddens's Concepts for Canadian Nursing Practice uses a simplified, intuitive approach to describe 64 important concepts relating to all areas of nursing practice in a Canadian health care context, including Indigenous health, racism, and gender diversity. Integrating the latest Canadian statistics, research, and cultural considerations, this text emphasizes cultural safety, interprofessional collaboration, and health equity. To reinforce understanding, this book also makes connections among related concepts and links you to other Elsevier nursing textbooks. Exemplars for each concept provide useful examples and models, showing how concepts are successfully applied to practice. Essential tools and case studies for clinical reasoning in nursing help you confidently prepare for almost any clinical nursing situation.

Sensation and Perception E. Goldstein 2013-02-12 Seeing and reading this sentence may seem like a no brainer--but your perception is just a tiny part of what is happening in your brain and body right now (both are much busier than you might think). SENSATION AND PERCEPTION has helped many readers understand the ties between how we sense the world and how the body interprets these senses. A key strength of this book has always been the ability to illustrate concepts through examples and visuals. Dr. Goldstein walks you through an intriguing journey of the senses, combining clear writing, his extensive

classroom experience, and innovative research to create a visual, colorful book. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sensation & Perception Jeremy M. Wolfe 2012 Why does the sky look blue? Why does sugar taste sweet? Can my dog hear the same things I hear? 'Sensation & Perception' is written by experts in each of the five senses who have a passion and enthusiasm for conveying the excitement of this field to students
Sensation and Perception E. Bruce Goldstein 2007 . Bruce Goldstein's SENSATION AND PERCEPTION, the best-seller which has helped over 150,000 students understand the ties between how we sense the world and how the body interprets these senses, is now in a brilliant full-color Seventh Edition. A key strength of this text has always been the ability to show the student what they are learning through examples and visuals. Now, the book takes this visual learning one step further by using color throughout as a learning tool. As the sole author of the text, Goldstein's singular voice combines with his extensive classroom experience and most innovative research to create a visual text unparalleled in the field. The text walks the student through an intriguing journey of the senses with a mixture of clarity and thoroughness. The accompanying, "Virtual Lab" media exercises (available both on CD-ROM, within the Perception PsychologyNow™ student tutorial platform, and in the online WebTutor™ Advantage product) offer a wide array of animations and examples designed to stimulate understanding of difficult concepts. Every chapter has been updated for currency and readability, and a new chapter six on Visual Attention rounds off this timely revision.

Sensation and Perception Jeremy M Wolfe 2012-03-30 Why does the sky look blue? Why does sugar taste sweet? Fully revised and updated, this introductory, full-colour text is written by experts in each of the five senses who convey the excitement of the field to students, providing comprehensive descriptions of the science behind vision, hearing, touch, smell and taste.
